

SCHNEIDER ELECTRIC SE

Euro 10,000,000,000

Euro Medium Term Note Programme

Under the Euro Medium Term Note Programme (the "**Programme**") described in this base prospectus (the "**Base Prospectus**"), Schneider Electric SE (the "**Company**" or the "**Issuer**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro medium term notes (the "**Notes**"). The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 10,000,000,000 (or the equivalent in other currencies).

This Base Prospectus has been approved by the Autorité des marchés financiers (the "**AMF**") in France in its capacity as competent authority under Regulation (EU) 2017/1129 (the "**Prospectus Regulation**"). The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of either the Issuer or the quality of the Notes that are the subject of this Base Prospectus and investors should make their own assessment as to the suitability of investing in the Notes.

This Base Prospectus supersedes and replaces the base prospectus dated 25 April 2019 and shall be in force for a period of one year as of the date set out hereunder. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

Application has been made to Euronext Paris for Notes issued under the Programme during a period of 12 months from the date of this Base Prospectus to be admitted to trading on Euronext Paris. Euronext Paris is a regulated market for the purposes of the Markets in Financial Instruments Directive 2014/65/EU, as amended (a "**Regulated Market**"). Application may also be made to the competent authority of any other Member State of the European Economic Area ("**EEA**") for Notes issued under the Programme to be admitted to trading on any other Regulated Market in such Member State. However, Notes may be issued pursuant to the Programme which are not admitted to trading on a Regulated Market. The relevant final terms (the "**Final Terms**") (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be admitted to trading, and, if so, the relevant Regulated Market in the EEA on which they would be admitted to trading. Notes issued under the Programme will be governed by French law and may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**") as more fully described herein. Dematerialised Notes will at all times be in book-entry form in compliance with Articles L.211-3 and R.211-1 of the French Code monétaire et financier. No physical documents of title will be issued in respect of the Dematerialised Notes.

The Notes will be issued in such denomination(s) as may be agreed between the Issuer and the relevant Dealer and as specified in the relevant Final Terms save that the minimum denomination of each Note listed and admitted to trading on a Regulated Market in a Member State of the EEA in circumstances which require the publication of a base prospectus under the Prospectus Regulation (given that any exemption regime, as set out in the Prospectus Regulation, could apply in contemplation of the relevant issue) will be at least €100,000 (or the equivalent amount in any other currency at the issue date).

Dematerialised Notes may, at the option of the Issuer, be (a) in bearer form (au porteur) inscribed as from the issue date in the books of Euroclear France ("**Euroclear France**") (acting as central depository) which shall credit the accounts of Account Holders (as defined in "Terms and Conditions of the Notes - Form, Denomination and Title") including Euroclear Bank SA/NV ("**Euroclear**") and the depository bank for Clearstream Banking, S.A. ("**Clearstream**") or (b) in registered form (au nominatif) and, in such latter case, at the option of the relevant Noteholder (as defined in Condition 1(c)(iv)), in either fully registered form (au nominatif pur), in which case they will be inscribed with the registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form (au nominatif administré) in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholders.

Materialised Notes will be in bearer form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a "**Temporary Global Certificate**") will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached on or after a date expected to be on or about the 40th day after the issue date of the Notes (subject to postponement as described in "Temporary Global Certificates issued in respect of Materialised Notes") upon certification as to non-US beneficial ownership as more fully described herein.

Temporary Global Certificates will (a) in the case of a Tranche (as defined in "General Description of the Programme" below) intended to be cleared through Euroclear and/or Clearstream, be deposited on the issue date with a common depository on behalf of Euroclear and Clearstream and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer(s) (as defined below).

The terms and conditions of the Notes contain a substitution provision (as described in Condition 15) allowing Schneider Electric SE at any time, at its discretion and without consulting the Noteholders, (subject to certain conditions) to substitute for itself as principal debtor under any Notes, a Substituted Issuer (as defined below) provided that, in all cases, the relevant Series of Notes are unconditionally and irrevocably guaranteed on first demand (garantie autonome à première demande) by Schneider Electric SE.

The final terms of the relevant Notes will be determined at the time of the offering of each Tranche and will be set out in the relevant Final Terms.

As of the date of this Base Prospectus, the long-term corporate rating of the Issuer by S&P Global Ratings Europe Limited ("**S&P**") is A- (stable outlook). Tranches of Notes issued under the Programme may be rated or unrated. S&P is established in the European Union and registered under Regulation (EC) No. 1060/2009 on credit rating agencies, as amended (the "**CRA Regulation**"). S&P is included in the list of credit rating agencies registered in accordance with the CRA Regulation published on the website of the European Securities and Markets Authority (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) as of the date of this Base Prospectus. The relevant Final Terms will specify whether or not credit ratings are issued by a credit rating agency.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change, reduction or withdrawal at any time by the assigning rating agency.

Prospective investors should have regard to the risk factors described under the section headed "Risk Factors" in this Base Prospectus, before deciding to invest in the Notes issued under the Programme.

IMPORTANT NOTICE

This Base Prospectus comprises a Base Prospectus for the purposes of the Prospectus Regulation.

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arranger (each as defined in “General Description of the Programme”). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuer and the Issuer and its subsidiaries taken as a whole (the “**Group**”) since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

None of the Issuer, the Dealer(s) or any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

In considering whether to invest in Notes denominated in Renminbi (“**RMB Notes**”), investors should consult their individual tax advisers with regard to the application of People’s Republic of China (“**PRC**”) tax laws to their particular situations as well as any tax consequences arising under the laws of any other tax jurisdictions.

In relation to green, social or sustainability Notes, no Dealer makes any representation as to the suitability of such Notes to fulfil green, social or sustainability criteria required by prospective investors. The Dealers have not undertaken, nor are responsible for, any assessment of the eligibility criteria, any verification of whether such Notes meet the eligibility criteria, or the monitoring of the use of proceeds. Each prospective investor of the Notes should determine for itself the relevance of the information contained in this Base Prospectus and the relevant Final Terms regarding the use of proceeds and its purchase of the Notes should be based upon such investigation as it deems necessary.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) or with any securities commission or regulatory authority of any state or other jurisdiction of the United States and include Materialised Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or, in the case of Materialised Notes in bearer form, delivered within the United States or its possessions or to U.S. persons. For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see “Subscription and Sale”.

PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS - If the Final Terms in respect of any Notes include a legend entitled “Prohibition of Sales to EEA and UK Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”) or in the United Kingdom (the “**UK**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU as amended (“**MiFID II**”); or (ii) a customer within the meaning of Directive 2016/97/EU (the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in

point (10) of Article 4(1) of MiFID II or (iii) not a qualified investor as defined in the Prospectus Regulation (EU) 2017/1129. Consequently, no key information document required by Regulation (EU) No. 1286/2014, as amended (the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes will include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority (ESMA) on 5 February 2018 and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**" as defined in MiFID II) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID II Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer as defined in MiFID II in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules. For the avoidance of doubt, the Issuer is not a MiFID II regulated entity and does not qualify as a distributor or a manufacturer under MiFID II Product Governance Rules.

SINGAPORE SFA PRODUCT CLASSIFICATION – In connection with Section 309B of the Securities and Futures Act (Chapter 289) of Singapore (the “**SFA**”) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “**CMP Regulations 2018**”), unless otherwise specified before an offer of Notes, the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are ‘prescribed capital markets products’ (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. In particular, potential investors are warned that the tax laws of the investor’s jurisdiction or of France (the Issuer’s country of incorporation) might have an impact on the income received from the Notes. Potential investors are advised to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor.

A number of Member States of the European Union are currently negotiating to introduce a financial transactions tax (“**FTT**”) in the scope of which transactions in the Notes may fall. The scope of any such tax is still uncertain as well as any potential timing of implementation. If the currently discussed text or any similar tax is adopted, transactions in the Notes would be subject to higher costs, and the liquidity of the market for the Notes may be diminished. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

A rating assigned to the Notes by any rating agency is based on the Issuer’s financial situation, but takes into account other relevant structural features of the transaction, including, inter alia, the terms of the Notes, and reflects only the views of the rating agency. The rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this paragraph, and other factors that

may affect the value of the Notes. The rating addresses the likelihood of full and timely payment to the Noteholders of all payments of interest on each interest payment date and repayment of principal on the final payment date. There is no assurance that any such rating will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the rating agency as a result of changes in or unavailability of information or if, in the rating agency's judgement, circumstances so warrant. A credit rating and/or a corporate rating are not a recommendation to buy, sell or hold securities.

This Base Prospectus does not constitute an offer of, an offer to sell, or an invitation by or on behalf of the Issuer or the Dealers to subscribe for, or purchase, any Notes.

The Arranger and the Dealers have not separately verified the information contained or incorporated by reference in this Base Prospectus. None of the Dealers or the Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Base Prospectus. Neither this Base Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer or the Group during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Fixed Rate Notes:

Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes:

Floating Rate Notes will bear interest determined separately for each Series as follows:

ISDA Definitions as published by the International Swaps and Derivatives Association, Inc.; or

- (ii) by reference to LIBOR or EURIBOR, in each case as adjusted for any applicable margin.

Interest periods will be specified in the relevant Final Terms.

Where Linear Interpolation is specified in the relevant Final Terms in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by straight line linear interpolation by reference to two rates based on the relevant Reference Rate or the relevant Floating Rate Option, as the case may be.

Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both.

In no event shall the amount of interest payable (including, for the sake of clarity, any applicable margin) be less than zero.

In the event where the benchmark used to calculate the interest payable is discontinued, the Conditions of the Notes provide a methodology to determine the successor or alternative rates.

Fixed/Floating Rate Notes:

Fixed/Floating Rate Notes may bear interest at a rate that will automatically change from a fixed rate to a floating rate or from a floating rate to a fixed rate on the date set out in the Final Terms.

Zero Coupon Notes:

Zero Coupon Notes may be issued at their nominal amount or at a discount and will not bear interest.

The *Masse* will be governed by the provisions of the French *Code de commerce*, with the exception of Articles L.228-48, L.228-59, the second sentence of Article L.228-65 II, L.228-71, R.228-63 and R.228-69 of the French *Code de Commerce* and subject to the provisions set out in the terms and conditions of the Notes.

The *Masse* will act in part through a representative (the “**Representative**”) and in part through collective decisions of the Noteholders. The names and addresses of the Representative will be set out in the relevant Final Terms.

The Representative appointed in respect of the first Tranche of any Series of the Notes will be the representative of the single *Masse* of all Tranches in such Series.

Selling Restrictions:

There are restrictions on the sale of Notes and the distribution of offering material in various jurisdictions. See “Subscription and Sale”.

The Notes to be issued qualify under Category 2 for the purposes of Regulation S under the Securities Act.

Materialised Notes will be issued in compliance with US Treas. Reg. §1.163-5(c)(2)(i)(D) (or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the U.S. Internal Revenue Code of 1986, as amended) (the “**D Rules**”) unless the relevant Final Terms states that such Materialised Notes are issued in compliance with US Treas. Reg. §1.163-5(c)(2)(i)(C) (or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the U.S. Internal Revenue Code of 1986, as amended) (the “**C Rules**”), or (ii) such Materialised Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute “registration required obligations” under the United States Tax Equity and Fiscal Responsibility Act of 1982 (“**TEFRA**”), which circumstance will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.

The TEFRA rules do not apply to any Dematerialised Notes.

Rating:

The long term corporate rating of the Issuer by S&P Global Ratings Europe Limited (“**S&P**”) is currently A- (stable outlook). S&P is established in the European Union and is registered under Regulation (EC) No. 1060/2009 on credit rating agencies (as amended) (the “**CRA Regulation**”). S&P is included in the list of credit rating agencies registered in accordance with the CRA Regulation published on the European Securities and Markets Authority’s website (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) as of the date of this Base Prospectus. Notes issued under the Programme may be rated or unrated. The rating,

if any, will be specified in the relevant Final Terms. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned to the Issuer. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union or in the United Kingdom and registered under the CRA Regulation. Credit ratings are subject to revision, suspension or withdrawal at any time by the relevant rating organisation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur. The risk factors may relate to the Issuer or to any of its subsidiaries.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors (although not exhaustive) described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. The risks described below are not the only risks the Issuer faces. Additional risks and uncertainties not currently known to the Issuer or that it currently believes to be immaterial could also have a material impact on its business operations. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision. In particular, investors should make their own assessment as to the risks associated with the Notes prior to investing in Notes issued under the Programme.

Words and expressions defined in the section “Terms and Conditions of the Notes” shall have the same meaning in this section.

RISK FACTORS RELATING TO THE ISSUER

Risk factors relating to the Issuer are described on pages 63 to 81 of the 2019 Universal Registration Document, as defined and further described in the section “Documents Incorporated by Reference” in this Base Prospectus and include the following:

- Risks related to the environment in which the Group operates;
- Risks related to Operations;
- Risks related to Internal Organization; and
- Financial risks.

In addition, the following risk factor is introduced:

Risks related to the sanitary crisis « Covid-19 »

It is not possible, on the date of publication of this document, to predict the economic impact and the magnitude of the current epidemic of coronavirus which began in China in December 2019. However, an epidemic of long duration accompanied by the implementation of restrictive measures to limit its spread and contain it could lead to an economic slowdown in a market in which the Group operates, or have the effect of affecting global production chains, local supply or transportation chains, or more generally to impact the global economy, which could result in an adverse impact on its financial condition, results or prospects. However, the Group supply chain being for the most part organized around regional hubs with products being manufactured and sold within the main regions of the world it can be anticipated that this model of organization will, over the mid to long run, help mitigate to a large extent the impact of the crisis on the manufacturing and logistic capabilities of the Group.

RISK FACTORS RELATING TO THE NOTES

1 Risks Factors Relating to all Series of Notes

1.1 Substitution of Schneider Electric SE

Schneider Electric SE may at any time, at its discretion and without consulting the Noteholders, substitute for itself as principal debtor under any Notes, any of its Subsidiaries (the “**Substituted Issuer**”), pursuant to Condition 15. Such Condition provides for certain conditions to be met before the substitution can take place, including, but not limited to, an unconditional and irrevocable first demand guarantee (*garantie autonome à première demande*) from Schneider Electric SE to the Noteholders and the absence of any payment obligation for the Noteholders which would arise from the substitution. While the ultimate credit risk under the Notes will remain with Schneider Electric SE as Guarantor, no assurance can be given as to the identity or the creditworthiness of any Substituted Issuer and neither Schneider Electric SE nor the Substituted Issuer will be required to take into consideration any interests arising from the circumstances particular to any holder of such Notes with regard to or arising from any such substitution.

As a result of such substitution, the Notes may become illiquid and this could have a material adverse effect on the Noteholders and, thus, increase the risk of losing all or part of their investment in the Notes.

1.2 French insolvency law

The Issuer having its registered office located in France, it is subject to French insolvency law. Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the “**Assembly**”) in order to defend their common interests if an accelerated safeguard procedure (*procédure de sauvegarde accélérée*), an accelerated financial safeguard procedure (*procédure de sauvegarde financière accélérée*), a safeguard procedure (*procédure de sauvegarde*), or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer. The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (EMTN) and regardless of their governing law. The Assembly deliberates on the proposed accelerated safeguard plan (*projet de plan de sauvegarde accélérée*), proposed accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*), proposed safeguard plan (*projet de plan de sauvegarde*), proposed judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling due payments and/or partially or totally writing off receivables in form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders casting a vote at such Assembly). No quorum is required to convoke the Assembly.

Decisions of the Assembly will be binding upon holders of debt securities if the proposed safeguard or rehabilitation plan is (i) adopted by the other creditors' committees of the Issuer (committee of financial institutions and committee of suppliers) and (ii) approved by the commercial court.

For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in Condition 11 will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

It should be noted that a new European directive entitled “Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132”, has been adopted by the European Union on 20 June 2019. Once transposed into French law (which is scheduled to happen by 17 July 2021 at the latest), such directive should have a material impact on French insolvency law, especially with regard to the process of adoption of restructuring plans under insolvency proceedings. According to this directive, “affected parties” (*i.e.*, creditors, including the Noteholders) shall be treated in separate classes which reflect certain class formation criteria for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that are sufficiently similar to justify considering the members of the class a homogenous group with commonality of interest. As a minimum, secured and unsecured claims shall be treated in separate classes for the purpose of adopting a restructuring plan. A restructuring plan shall be deemed to be adopted by affected parties, provided that a majority in the amount of their claims or interests is obtained in each and every class (the required majorities shall be laid down by Member States of the European Union at not higher than 75% in the amount of claims or interests in each class, it being noted that Member States of the European Union may require that in addition a majority in number of affected parties be obtained in each class). If the restructuring plan is not approved by each and every class of affected parties, the plan may however be confirmed by a judicial or administrative authority by applying a cross-class cram-down, provided notably that:

- (a) the plan has been notified to all known creditors likely to be affected by it;
- (b) the plan complies with the best interest of creditors test (*i.e.*, no dissenting creditor would be worse off under the restructuring plan than they would be in the event of liquidation, whether piecemeal or sale as a going concern);
- (c) any new financing is necessary to implement the restructuring plan and does not unfairly prejudice the interest of creditors;
- (d) the plan has been approved by a majority of the voting classes of affected parties, provided that at least one of those classes is a secured creditors class or is senior to the ordinary unsecured creditors class; or, failing that, by at least one of the voting classes of affected parties or where so provided under national law, impaired parties, other than an equity-holders class or any other class which, upon a valuation of the debtor as a going-concern, would not receive any payment or keep any interest, or, where so provided under national law, which could be reasonably presumed not to receive any payment or keep any interest, if the normal ranking of liquidation priorities were applied under national law;
- (e) the plan complies with the relative priority rule (*i.e.*, dissenting voting classes of affected creditors are treated at least as favourably as any other class of the same rank and more favourably than any junior class). By way of derogation, Member States of the European Union may instead provide that the plan shall comply with the absolute priority rule (*i.e.*, a dissenting voting class of creditors must be satisfied in full before a more junior class may receive any distribution or keep any interest under the restructuring plan); and
- (f) no class of affected parties can, under the restructuring plan, receive or keep more than the full amount of its claims or interests.

Therefore, when such directive is transposed into French law, it cannot be excluded that the Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down.

The commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of Notes issued by the Issuer. Any decisions taken by the Assembly or a class of creditors,

as the case may be, could materially and negatively impact the Noteholders and cause them to lose all or part of their investment, should they not be able to recover amounts due to them from the Issuer.

1.3 Credit Risk

As contemplated in Condition 3, the Notes and, where applicable, the Coupons relating to these constitute direct, unconditional, unsubordinated and (subject to the provisions of Condition 4) unsecured obligations of the Issuer. However, an investment in the Notes involves taking credit risk on the Issuer. If the credit worthiness of the Issuer deteriorates, it may not be able to fulfil all or part of its payment obligations under the Notes which could materially and negatively impact the Noteholders, and investors may lose all or part of their investment.

1.4 Modification and waivers

Condition 11 of the Notes contains provisions for calling General Meetings of Noteholders or consulting them by way of Consultation in Writing to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not participate at the relevant General Meeting or Consultation in Writing and Noteholders who voted in a manner contrary to the majority. General Meetings or Consultation in Writing may deliberate on any proposal relating to the modification of the Terms and Conditions of the Notes subject to the limitation provided by French law. If a decision is adopted by a majority of Noteholders and such modifications were to impair or limit the rights of the Noteholders, this may have a negative impact on the market value of the Notes and hence investors may lose part of their investment.

1.5 Potential conflict of interests with the Dealers and/or the Calculation Agent

All or some of the Dealers and, as the case may be, the calculation agent, and their affiliates have and/or may in the future engage, in lending, in investment banking, commercial banking and other financial advisory and commercial dealings with the Issuer and its affiliates and in relation to securities issued by any entity of the Group (as defined in the "Important Notice" section). They have or may (i) engage in investment banking, trading or hedging activities including activities that may include prime brokerage business, financing transactions or entry into derivative transactions, (ii) act as underwriters in connection with offering of shares or other securities issued by any entity of the Group. In the context of these transactions, certain of such Dealers have or may hold shares or other securities issued by entities of the Group. Where applicable, they have or will receive customary fees and commissions for these transactions.

Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

The Issuer may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts of interest may arise between the calculation agent, if any, for a Tranche of Notes and the Noteholders (including where a Dealer acts as calculation agent), including with respect to certain discretionary determinations and judgements that such calculation agent may make pursuant to the Terms and Conditions that may influence the amount receivable upon redemption of the Notes. In particular, whilst a calculation agent will, as the case may be, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in

transactions involving an index or related derivatives which may affect amounts receivable by Noteholders during the term and on the maturity of the Notes or the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

2 Risks Factors Relating to the structure and feature of a particular issue of Notes

2.1 Risks Factors Relating to the Interest payable on the Notes

2.1.1 Fixed Rate Notes

As contemplated by Condition 5(a), the Issuer may issue Fixed Rate Notes bearing interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrears on each Interest Payment Date.

Investment in Notes which bear interest at a fixed rate involves risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes and Noteholders may lose all or part of their investment in the Notes and therefore their interests may be negatively altered.

While the nominal interest rate of a Fixed Rate Note is determined during the term of such Note or within a given period of time, the market interest rate (the “**Market Interest Rate**”) typically varies on a daily basis. As the Market Interest Rate changes, the price of the Note varies in the opposite direction. If the Market Interest Rate increases, the price of the Note typically decreases, until the yield of the Note equals approximately the Market Interest Rate. If the Market Interest Rate decreases, the price of a Fixed Rate Note typically increases, until the yield of the Note equals approximately the Market Interest Rate.

Therefore, the price of the Notes at any particular time may be lower than the purchase price of the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost on any transfer of the Notes, so that the Noteholder in such case would not receive the total amount of the capital invested.

2.1.2 Floating Rate Notes

As contemplated in Condition 5(b), investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three months or six months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short-term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate. As a result, Noteholders may lose all or part of their investments in the Notes and therefore their interests may be negatively altered.

2.1.3 Investors will not be able to calculate in advance their rate of return on Floating Rate Notes

As contemplated in Condition 5(b), a key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the Terms and Conditions of the Notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

Furthermore, should the reference rate in respect of a Floating Rate Note be at any time negative, this could result in the rate of interest payable to Noteholders being lower than the applicable margin. For the avoidance of doubt, if the resulting rate of interest is less than zero, the applicable rate of interest shall be deemed to be zero and the Noteholders will not have to pay the negative fraction of such interest to the Issuer.

As a result, Noteholders may lose all or part of their investments in the Notes and therefore their interests may be negatively altered.

2.1.4 Fixed/Floating Rate Notes

As contemplated in Condition 5(c), Fixed/Floating Rate Notes may bear interest at a rate that will automatically change from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms. The conversion of the interest rate may affect the secondary market and the market value of the Notes since the conversion may produce a lower overall cost of borrowing. If a Fixed Rate is converted to a Floating Rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new Floating Rate at any time may be lower than the rates on other Notes. If the rate is automatically converted from a Floating Rate to a Fixed Rate, the Fixed Rate may be lower than then prevailing rates on its Notes and any such volatility may have an adverse effect on the market value of the Notes.

Investors should refer to risk factors set out in the risk factors entitled “Fixed Rate Notes” and “Floating Rate Notes”.

2.1.5 Zero Coupon Notes are subject to higher price fluctuations than non-discounted bonds

As contemplated by Condition 5(e), the Issuer may issue Zero Coupon Notes. Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk and Noteholders may, as a result, lose all or part of their investment in the Notes.

2.1.6 Reform and regulation of "benchmarks"

Pursuant to Condition 5(b) and where the applicable Final Terms for a Series of Floating Rate Notes identifies that the Rate of Interest for such Notes will be determined by reference to the London Interbank Offered Rate (“LIBOR”), the Euro Interbank Offered Rate (“EURIBOR”) or other indices which are deemed to be “benchmarks”, investors should be aware that LIBOR, EURIBOR or other indices are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequences could have a material adverse effect on the liquidity and value of and return on any Notes linked to such a “benchmark”.

The EU Regulation on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the "**Benchmark Regulation**") was published in the European official journal on 29 June 2016 and most of the provisions of the Benchmark Regulation have applied since 1 January 2018.

The Benchmark Regulation applies to the provision of "benchmarks" in the EU and the UK, the contribution of input data to a “benchmark” and the use of a “benchmark” within the EU and the UK. It will, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based and non-UK-based, to be subject to an equivalent regime or otherwise

recognised or endorsed) and to comply with extensive requirements in relation to the administration of "benchmarks" (or, if non-EU based and non-UK based, to be subject to equivalent requirements) and (ii) prevents certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised/registered (or, if non-EU based and non-UK based, deemed equivalent or recognised or endorsed).

The Benchmark Regulation could have an adverse impact on any Notes linked to a rate or index deemed to be a "benchmark", in particular if the methodology or other terms of the "benchmark" are changed in order to comply with the requirements of the Benchmark Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the benchmark.

More broadly, any of the international, national or other proposals for reform or the general increased regulatory scrutiny of "benchmarks" could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements.

Such factors may have the following effects on certain "benchmarks": (i) discourage market participants from continuing to administer or contribute to certain "benchmarks", (ii) trigger changes in the rules or methodologies used in certain "benchmarks" or (iii) lead to the disappearance of certain "benchmarks".

Any of the above changes or any other consequential changes as a result of international, national or other proposals for reform or other initiatives or investigations, could have an adverse effect on the value of and return on any Notes linked to a "benchmark".

2.1.7 Floating Rate Notes – benchmark discontinuation

Where Screen Rate Determination is specified as the manner in which the Rate of Interest in respect of Floating Rate Notes is to be determined, and LIBOR, EURIBOR or another Reference Rate has been selected as the Reference Rate, Condition 5(b)(iii)(B) of the Notes provides that the Rate of Interest shall be determined by reference to the Relevant Screen Page (or its successor or replacement). In circumstances where the Original Reference Rate is discontinued, neither the Relevant Screen Page, nor any successor or replacement may be available.

Where the Relevant Screen Page is not available, and no successor or replacement for the Relevant Screen Page is available, Condition 5(b)(iii)(B) of the Notes provides for the Rate of Interest to be determined by the Calculation Agent by reference to quotations from banks communicated to the Calculation Agent.

Where such quotations are not available (as may be the case if the relevant banks are not submitting rates for the determination of such Original Reference Rate), the Rate of Interest may ultimately revert to the Rate of Interest applicable as at the last preceding Interest Determination Date before the Original Reference Rate was unavailable. Uncertainty as to the continuation of such Original Reference Rate, the availability of quotes from reference banks, and the rate that would be applicable if such Original Reference Rate is unavailable may adversely affect the value of, and return on, the Floating Rate Notes.

If a Benchmark Event (as defined in Condition 5(i)) (which, amongst other events, includes the permanent discontinuation of an Original Reference Rate) occurs, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser. The Independent Adviser shall endeavour to determine a Successor Rate or Alternative Rate to be used in place of the Original Reference Rate. The use of any such Successor Rate or Alternative Rate to determine the Rate of Interest is likely to result in Notes initially linked to or referencing the Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would do if the Original Reference Rate were to continue to apply in its current form.

Furthermore, if a Successor Rate or Alternative Rate for the Original Reference Rate is determined by the Independent Adviser and the Independent Adviser determines that amendments to the the Conditions of the Notes are necessary to ensure the proper operation of such Successor Rate or Alternative Rate, then the Issuer may vary these Conditions to give effect to such amendments without any requirement for consent or approval of the Noteholders.

If a Successor Rate or Alternative Rate is determined by the Independent Adviser, the Conditions of the Notes also provide that an Adjustment Spread may be determined by the Independent Adviser and applied to such Successor Rate or Alternative Rate. The aim of the Adjustment Spread is to reduce or eliminate, to the extent reasonably practicable, any economic prejudice or benefit (as the case may be) to Noteholders and Couponholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate. However, it may not be possible to determine or apply an Adjustment Spread and even if an Adjustment Spread is applied, such Adjustment Spread may not be effective to reduce or eliminate economic prejudice to Noteholders and Couponholders. If no Adjustment Spread can be determined, a Successor Rate or Alternative Rate may nonetheless be used to determine the Rate of Interest. The use of any Successor Rate or Alternative Rate (including with the application of an Adjustment Spread) may still result in Notes linked to or referencing the Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would if the Original Reference Rate were to continue to apply in its current form.

The Issuer may be unable to appoint an Independent Adviser or the Independent Adviser may not be able to determine a Successor Rate or Alternative Rate in accordance with the Conditions of the Notes.

Where the Issuer is unable to appoint an Independent Adviser in a timely manner, or the Independent Adviser is unable, to determine a Successor Rate or Alternative Rate before the next Interest Determination Date, the Rate of Interest for the next succeeding Interest Period will be the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, or, where the Benchmark Event occurs before the first Interest Determination Date, the Rate of Interest will be the initial Rate of Interest.

Where the Issuer has been unable to appoint an Independent Adviser or, the Independent Adviser has failed, to determine a Successor Rate or Alternative Rate in respect of any given Interest Period, it will continue to attempt to appoint an Independent Adviser in a timely manner before the next succeeding Interest Determination Date and/or to determine a Successor Rate or Alternative Rate to apply the next succeeding and any subsequent Interest Periods, as necessary.

Applying the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event is likely to result in Notes linked to or referencing the relevant benchmark performing differently (which may include payment of a lower Rate of Interest) than they would do if the relevant benchmark were to continue to apply, or if a Successor Rate or Alternative Rate could be determined.

If the Issuer is unable to appoint an Independent Adviser or, the Independent Adviser fails to determine a Successor Rate or Alternative Rate for the life of the relevant Notes, the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, will continue to apply to maturity. This will result in the floating rate Notes, in effect, becoming fixed rate Notes. Noteholders may, in such circumstances, be materially affected and receive a lower interest as they would have expected if an Independent Adviser had been determined or if such Independent Adviser did not fail to determine such Successor or Alternative Rate.

2.2 Risks Factors Relating to the Redemption of the Notes

2.2.1 The Notes may be subject to optional redemption by the Issuer

In the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the jurisdiction of the Issuer or a political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with Condition 6(c)(i).

The Issuer has also the option, if so provided in the relevant Final Terms, to redeem the Notes under a make-whole call option as provided in Condition 6(d), a call option as provided in Condition 6(e), a residual maturity call option as provided in Condition 6(g), a clean-up call option as provided in Condition 6(i) and an acquisition event call option as provided in Condition 6(j). In particular, in case of a clean-up call option there is no obligation for the Issuer to inform investors if and when the percentage of 75 per cent. or the Clean-Up Percentage (as defined in the relevant Final Terms) has been reached or is about to be reached, and the Issuer's right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of this option, the Notes may have been traded significantly above par, thus potentially resulting in a loss of capital invested.

If (i) an Acquisition Event Call Option is specified in the relevant Final Terms and (ii) the Issuer publicly announces that the consummation of the acquisition of the Targeted Company, as defined in the relevant Final Terms, is not pursued or the completion of the acquisition has not occurred on or prior to the Acquisition Event Limit Date, the Issuer will have the option to redeem the Notes, in whole or in part or, if so specified in the relevant Final Terms, in whole only, at the Optional Redemption Amount together with any interest accrued on the Notes as provided in Condition 6(j).

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. Such right of termination is often provided for bonds or notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

All of the above may reduce the profits potential investors in the Notes may have expected in subscribing the Notes and could have significant impact on the Noteholders.

2.2.2 Exercise of the Change of Control Put Option, the Put Option, the Residual Maturity Call Option, the Call Option or the Make-Whole Redemption by the Issuer in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised

Depending on the number of Notes of the same Series in respect of which the Change of Control Put Option, as provided in Condition 6(h), the Put Option, as provided in Condition 6(f), the Residual Maturity Call Option, as provided in Condition 6(g), the Call Option, as provided in Condition 6(e), or the Make-Whole Redemption, as provided in Condition 6(d), provided, if any, in the relevant Final Terms is exercised, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid. In addition, investors may only be able to reinvest the moneys they receive upon such early redemption in securities with a lower yield than the redeemed Notes and Noteholders may lose part of their investment.

2.3 Risks Factors relating to Notes denominated in Renminbi

The relevant Final Terms in relation to any Series of Notes may specify that the Notes are denominated in Renminbi (“**RMB Notes**”). RMB Notes contain particular risks for potential investors.

Renminbi is not freely convertible and may adversely affect the liquidity of RMB Notes

Renminbi is not freely convertible at present. The PRC government continues to regulate conversion between Renminbi and foreign currencies, including the U.S. dollar, despite the significant reduction over the years by the PRC government of its control over routine foreign exchange transactions under current accounts. This may affect the liquidity of the RMB Notes and the Issuer’s ability to source Renminbi out of the PRC to service RMB Notes.

Remittance of Renminbi by foreign investors into the PRC for the purposes of capital account items, such as capital contributions, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into the PRC for settlement of capital account items are developing gradually.

Although Renminbi was added to the Special Drawing Rights basket created by the International Monetary Fund in 2016 and policies further improving accessibility to Renminbi to settle cross-border transactions in foreign currencies were implemented by the People’s Bank of China (“**PBOC**”) in 2018, there is no assurance that the PRC government will continue to liberalise the control over cross-border RMB remittances in the future, that any pilot schemes for Renminbi cross-border utilisation will not be discontinued or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under the RMB Notes.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the RMB Notes and the Issuer’s ability to source Renminbi outside the PRC to service such RMB Notes

As a result of the restrictions imposed by the PRC government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. In efforts to internationalise the Renminbi, the PBOC has established Renminbi clearing and settlement systems for participating banks in various countries through settlement agreements (the “**Settlement Agreements**”) on the clearing of Renminbi business with financial institutions in a number of financial centres and cities (each, a “**Renminbi Clearing Bank**”) and these RMB Clearing Banks have been permitted to engage in the settlement of Renminbi trade transactions.

However, the current size of Renminbi-denominated financial assets outside the PRC is limited. There are restrictions imposed by the PBOC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from the PBOC. The relevant RMB Clearing Bank only has access to its own onshore liquidity support from the PBOC to square open positions of its relevant participating banks for limited types of transactions. The relevant Renminbi Clearing Bank is not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In each case, the participating banks will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated in the future or the Settlement Agreements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi offshore. The limited availability of Renminbi outside the PRC may affect the

liquidity of RMB Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its RMB Notes, there is no assurance that either the Issuer will be able to source such Renminbi on satisfactory terms, if at all. Should the Issuer resort to using another currency, such as U.S. dollar, to respect its payment obligations under the RMB Notes, the relevant Noteholders may lose part of their investment when converting such currency back into Renminbi, depending on the prevailing exchange rate at that time.

2.4 Risks Factors Relating to the market generally

2.4.1 Market value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer (as of the date of this Base Prospectus, the long-term corporate rating of the Issuer by S&P is A- (stable outlook)), and a number of additional factors, including the volatility of an index, market interest and yield rates and the time remaining to the maturity date. Application will be made in certain circumstances to list and admit the Notes on Euronext Paris.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France, in the United Kingdom (including Brexit) or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such Noteholder and result in losing all or part of their investment in the Notes.

2.4.2 An active trading market for the Notes may not develop

Although particular series of Notes may specify in the relevant Final Terms that they are expected to be admitted to trading on Euronext Paris, there can be no assurance that an active trading market for the Notes will develop, or, if one does develop, that it will be maintained. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected. The Issuer and any of its subsidiaries are entitled to buy the Notes, as described in Condition 6(j), and the Issuer may issue further notes, as described in Condition 13. Such transactions may adversely affect the price development of the Notes. If additional and competing products are introduced in the markets, this may adversely affect the value of the Notes. As a consequence, investors may not be able to sell Notes readily or at prices that will enable them to realise their anticipated yield and as a result, investors could lose all or part of their investment in the Notes.

2.4.3 Exchange rate risks and exchange controls

The Programme allows for Notes to be issued in a range of currencies. The Issuer will pay principal and interest on the Notes in the Specified Currency (as defined in the relevant Final Terms). This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, if this risk ever materialises, investors may receive less interest or principal than expected, or no interest or principal at all.

2.4.4 Notes issued as green, social and/or sustainability Notes may not be a suitable investment for all investors

The Final Terms relating to any specific Tranche of Notes may provide that it will be the Issuer's intention to issue green, social or sustainability Notes and the net proceeds of the issuance of such Notes may be exclusively applied to finance or re-finance, in part or in full, new and/or existing (i) eligible green projects, (ii) eligible social projects or (iii) sustainability projects (being a combination of both green and social projects) which may be further described in the Issuer's relevant framework to be published on the Issuer's website on or before the issue of such Notes.

There is currently no market consensus on what precise attributes are required for a particular project to be defined as "green" "social" or "sustainable", and therefore no assurance can be provided to investors that the Eligible Projects (as defined in the "Reasons for the offer" paragraph in the relevant Final Terms) will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply.

Any failure to use the net proceeds from such Notes on Eligible Projects or to meet or continue to meet the investment requirements of certain environmentally, socially or sustainably focused investors with respect to such Notes may affect the value of the Notes and/or may have adverse consequences for certain investors with portfolio mandates to invest in green, social and/or sustainable assets.

If at any time the Issuer shall be required to prepare a supplement to this Base Prospectus pursuant to Article 23 of the Prospectus Regulation, the Issuer will prepare and make available an appropriate supplement to this Base Prospectus, which shall constitute a supplement to this Base Prospectus for the purpose of the relevant provisions of the Prospectus Regulation.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on Definitive Materialised Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. Those definitions will be endorsed on the definitive Notes, as the case may be. References in these Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

An Amended and Restated Agency Agreement (as amended or supplemented as at the Issue Date, the “**Agency Agreement**”) dated 28 April 2020 has been agreed between Schneider Electric SE (the “**Issuer**”), BNP Paribas Securities Services as fiscal agent and the other agents named in it. The fiscal agent, the paying agents, and the calculation agent(s) for the time being (if any) are referred to below respectively as the “**Fiscal Agent**”, the “**Paying Agents**” (which expression shall include the Fiscal Agent), and the “**Calculation Agent(s)**”. Copies of the Agency Agreement are available for inspection at the specified offices of each of the Paying Agents.

For the purposes of these Terms and Conditions, “**Regulated Market**” means any regulated market situated in a Member State of the European Economic Area (“**EEA**”) as defined in the Markets in Financial Instruments Directive 2014/65/EU, as amended.

Terms between square brackets shall apply to Notes guaranteed by Schneider Electric SE when Schneider Electric SE is replaced and substituted by the Substituted Issuer (as defined in Condition 15), as provided in Condition 15. If there is a substitution of the Issuer in accordance with Condition 15, references below to “**Guarantor**” shall mean Schneider Electric SE, in its capacity as guarantor of Notes and any reference in the Conditions to the Issuer shall from then on be deemed to refer to the Substituted Issuer.

References below to “**Conditions**” are, unless the context requires otherwise, to the numbered paragraphs below. References below to “**day**” or “**days**” are to a calendar day or to calendar days, respectively.

1 Form, Denomination and Title

(a) Form

Notes may be issued either in dematerialised form (“**Dematerialised Notes**”) or in materialised form (“**Materialised Notes**”).

- (i) Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier* (the “**Code**”) by book entries (*inscriptions en compte*). Dematerialised Notes are issued, at the option of the Issuer and as specified in the relevant Final Terms (the “**Final Terms**”), in either (i) bearer form (*au porteur*) only, in which case they are inscribed in the books of Euroclear France (acting as central depository) (“**Euroclear France**”) which shall credit the accounts of Account Holders, or (ii) in registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either administered registered form (*au nominatif administré*) inscribed in the books of an Account Holder or in fully registered form (*au nominatif pur*) inscribed in an account in the books of Euroclear France maintained by the Issuer or the Registration Agent

(designated in the relevant Final Terms) acting on behalf of the Issuer (the “**Registration Agent**”).

Unless such right is expressly excluded in the relevant Final Terms, the Issuer may require the identification of the Noteholders.

For the purpose of these Conditions, “**Account Holder**” means any authorised financial intermediary institution entitled directly or indirectly to hold accounts on behalf of its customers with Euroclear France, and includes Euroclear Bank SA/NV (“**Euroclear**”) and the depositary bank for Clearstream Banking, S.A. (“**Clearstream**”).

- (ii) Materialised Notes are issued in bearer form (“**Materialised Notes**”) in the Specified Denomination(s) shown in the relevant Final Terms. Materialised Notes are serially numbered and are issued with coupons (“**Coupons**”) (and, where appropriate, a talon (“**Talon**”)) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

In accordance with Articles L.211-3 and R.211-1 of the Code, securities (such as Notes) which are governed by French law and are in materialised form must be issued outside the French territory.

- (ii) Title to Materialised Notes in definitive form having, where appropriate, Coupons and/or a Talon attached thereto on issue (“**Definitive Materialised Notes**”), shall pass by delivery.
- (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.
- (iv) In these Conditions, “**holder of Notes**”, “**holder of any Notes**” or “**Noteholder**” means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive Materialised Note, and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

(d) Redenomination

The Issuer may (if so specified in the relevant Final Terms), without the consent of the holder of any Note, Coupon or Talon, by giving at least 30 days' notice in accordance with Condition 14, redenominate, on any Interest Payment Date all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly on or after the date on which the Member State of the European Union in whose national currency such Notes are denominated has become a participant member in the third stage of the European economic and monetary union (as provided in the Treaty establishing the European Community (the "EC"), as amended from time to time), or events have occurred which have substantially the same effects all as more fully provided in the relevant Final Terms.

 - (i) “**Relevant Debt**” means any present or future indebtedness for borrowed money in the form of, or represented by, bonds (*obligations*) issued by the Issuer [or the Guarantor] which are for the time being, or are capable of being, quoted, admitted to trading or ordinarily dealt in on any stock exchange, over-the-counter market or other securities market.
 - (ii) “**Subsidiary**” means, in relation to any person or entity at any time, any other person or entity (whether or not now existing) as defined in Article L.233-1 of the French *Code de commerce* or any other person or entity controlling directly or indirectly such person or entity within the meaning of Article L.233-3 of the French *Code de commerce*.
 - (iii) “**outstanding**” means, in relation to the Notes of any Series, all the Notes issued other than (a) those that have been redeemed in accordance with these Conditions, (b) those in respect of which the date for redemption has occurred and the redemption moneys (including all interest accrued on such Notes to the date for such redemption and any interest payable after such date) have been duly paid (i) in respect of Dematerialised Notes in bearer form or in administered registered form, to the relevant Account Holders on behalf of the Noteholder as provided in Condition 7(a), (ii) in the case of Dematerialised Notes in fully registered form, to the account of the Noteholder as provided in Condition 7(a) and (iii) in the case of Materialised Notes, to the Fiscal Agent as provided in the Agency Agreement and remain available for payment against presentation and surrender of Materialised Notes and/or Coupons, as the case may be, (c) those which have become void or in respect of which claims have become prescribed, (d) those which have been purchased and cancelled as provided in these Conditions, (e) in the case of Materialised Notes (i) those mutilated or defaced Materialised Notes that have been surrendered in exchange for replacement Materialised Notes, (ii) (for the purpose only of determining how many such Materialised Notes are outstanding and without prejudice to their status for any other purpose) those Materialised Notes alleged to have been lost, stolen or destroyed and in respect of which replacement Materialised Notes have been issued, and (iii) any Temporary Global Certificate to the extent that it shall have been exchanged for one or more Definitive Materialised Notes, pursuant to its provisions.

This Condition 4 shall not apply to or be applicable in respect of any Relevant Debt for any Security created by the Issuer [, the Guarantor] or a Principal Subsidiary over:

- (i) any equity share capital acquired by the Issuer [, the Guarantor] or a Principal Subsidiary in any company resulting in that company becoming a majority-owned subsidiary of the Issuer [, the Guarantor] or such Principal Subsidiary after the Issue Date for the sole purpose of

financing or re-financing that acquisition and securing a principal amount not exceeding the cost of that acquisition; or

- (ii) any assets forming all or part of a business acquired by the Issuer [, the Guarantor] or a Principal Subsidiary after the Issue Date for the sole purpose of financing or re-financing that acquisition and securing a principal amount not exceeding the cost of that acquisition.

5 Interest and Other Calculations

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date (the “**Fixed Rate**”).

If a Fixed Coupon Amount or a Broken Amount is specified in the relevant Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified in the relevant Final Terms.

(b) Interest on Floating Rate Notes:

- (i) Interest Payment Dates: Each Floating Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date (the “**Floating Rate**”). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (ii) Business Day Convention: If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is:
 - (A) the Floating Rate Business Day Convention or “**FRN Convention**”, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment,
 - (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day,
 - (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought to the immediately preceding Business Day, or
 - (D) the Preceding Business Day Convention, such date shall be brought to the immediately preceding Business Day.
- (iii) Rate of Interest for Floating Rate Notes: the Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to either ISDA Determination or

Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified in the relevant Final Terms;
- (y) the Designated Maturity is a period specified in the relevant Final Terms; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period or such other date as specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

(a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner according to which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (i) the offered quotation, or
- (ii) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either (i) 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) or (ii) if otherwise, the Relevant Screen Page Time on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

(b) if the Relevant Screen Page is not available or if sub-paragraph (a)(i) applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (a)(ii) applies and fewer than three such offered quotations appear on the Relevant Screen Page, subject as provided below, the Calculation Agent shall request, (i) if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, (ii) if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks or, (iii) if otherwise, each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), if the Reference Rate is EURIBOR, at

approximately 11.00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen Page Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and

- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen Page Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market or, if otherwise, the Relevant Inter-Bank Market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen Page Time, on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market, if the Reference Rate is EURIBOR, the Euro zone inter-bank market or, if otherwise, the Relevant Inter-Bank Market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin, Rate Multiplier or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(C) Benchmark discontinuation

If a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, then the following provisions shall apply and shall prevail over other fallbacks specified in Condition 5(b)(iii)(B).

- (a) Independent Adviser

The Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate,

failing which an Alternative Rate (in accordance with Condition 5(b)(iii)(C)(b)) and, in either case, an Adjustment Spread if any (in accordance with Condition 5(b)(iii)(C)(c)) and any Benchmark Amendments (in accordance with Condition 5(b)(iii)(C)(d)).

In making such determination, the Independent Adviser appointed pursuant to this Condition 5(b)(iii)(C) shall act in good faith in a commercially reasonable manner as an independent expert and in consultation with the Issuer. The Issuer will not take any discretionary decision on the basis of such consultation. In the absence of bad faith, manifest error or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Paying Agents, or the Noteholders or the Couponholders for any determination made by it, pursuant to this Condition 5(b)(iii)(C).

If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 5(b)(iii)(C)(a) prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Period. If there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest. Where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period shall be substituted in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period. For the avoidance of doubt, this Condition 5(b)(iii)(C)(a) shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 5(b)(iii)(C)(a).

(b) Successor Rate or Alternative Rate

If the Independent Adviser, determines that:

- (i) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5(b)(iii)(C)(c)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 5(b)(iii)(C)); or
- (ii) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5(b)(iii)(C)(c)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 5(b)(iii)(C)).

(c) Adjustment Spread

If the Independent Adviser, determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for

determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be).

(d) Benchmark Amendments

If any Successor Rate or Alternative Rate and, in either case, the applicable Adjustment Spread is determined in accordance with this Condition 5(b)(iii)(C) and the Independent Adviser, determines (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and/or (in either case) the applicable Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(b)(iii)(C)(e), without any requirement for the consent or approval of Noteholders, vary these Conditions to give effect to such Benchmark Amendments with effect from the date specified in such notice.

For the avoidance of doubt, and in connection with any such variation in accordance with this Condition 5(b)(iii)(C)(d), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(e) Notices

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 5(b)(iii)(C) will be notified promptly by the Issuer, after receiving such information from the Independent Adviser, to the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative of the *Masse* and, in accordance with Condition 14, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

No later than notifying the Noteholders and the Representative of the *Masse* of the same, the Issuer shall deliver to the Fiscal Agent a certificate signed by one authorised signatory of the Issuer:

- (i) confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Rate, (iii) where applicable, any Adjustment Spread and (iv) the specific terms of the Benchmark Amendments (if any), mentioned in (i), (ii) and (iii) and as determined by the Independent Adviser in accordance with the provisions of this Condition 5(b)(iii)(C); and
- (ii) certifying that the Independent Adviser has confirmed that the Benchmark Amendments (if any) are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and (in either case) the applicable Adjustment Spread.

The Fiscal Agent shall make such certificate available at its offices, for inspection by the Noteholders at all reasonable times during normal business hours.

The Fiscal Agent shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of

manifest error or bad faith in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Fiscal Agent's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agent and the Noteholders.

(f) **Survival of Original Reference Rate**

Without prejudice to the obligations of the Issuer under Condition 5(b)(iii)(C) (a), (b), (c) and (d), the Original Reference Rate and the fallback provisions provided for in Condition 5(b)(iii)(B) will continue to apply unless and until a Benchmark Event has occurred.

(g) **New Benchmark Event in respect of the Successor Rate or Alternative Rate**

If Benchmark Amendments have been implemented pursuant to this Condition 5(b)(iii)(C) and a new Benchmark Event occurs in respect of the then applicable Successor Rate or Alternative Rate, the provisions of this Condition 5(b)(iii)(C) shall apply as if the Successor Rate or Alternative Rate were the Original Reference Rate.

(D) **Linear Interpolation**

Where Linear Interpolation is specified in the relevant Final Terms to be applicable in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where "Screen Rate Determination" is specified to be applicable in the relevant Final Terms) or the relevant Floating Rate Option (where "ISDA Determination" is specified to be applicable in the relevant Final Terms), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available the next longer than the length of the relevant Interest Accrual Period, provided however, that if there is no such rate available for a period of time shorter or, as the case may be, longer than the relevant Interest Accrual Period, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

"**Applicable Maturity**" means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.

(c) **Fixed/Floating Rate Notes**

Fixed/Floating Rate Notes may bear interest at a rate that will automatically change from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.

(d) **Zero Coupon Notes**

Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as defined in Condition 6(b)(i)).

(e) Accrual of Interest

Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgement) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).

(f) Margin, Maximum/Minimum Rates of Interest and Redemption Amounts, Rate Multipliers and Rounding

- (i) If any Margin or Rate Multiplier is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (b) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be. In no event shall the amount of interest payable (including, for the sake of clarity, any applicable margin) be less than zero.
- (iii) For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of Yen, which shall be rounded down to the nearest Yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country/ies of such currency.

(g) Calculations

The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in respect of such period in the Final Terms, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(h) Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts

As soon as practicable after the relevant time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount or any Optional Redemption Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further

calculation upon receipt of such information and, if the Notes are admitted to trading on a stock exchange and the rules of such exchange so require, such exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the second Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(i) **Definitions**

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

“**Adjustment Spread**” means either a spread (which may be positive or negative), or a formula or a methodology for calculating a spread, in either case, which the Independent Adviser determines and which is required to be applied to the Successor Rate or the Alternative Rate, as the case may be, to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit, as the case may be, to Noteholders and Couponholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate, as the case may be, and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or (if no such recommendation has been made, or in the case of an Alternative Rate);
- (ii) the Independent Adviser determines, is customarily applied to the relevant Successor Rate or the Alternative Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the Original Reference Rate; or (if the Independent Adviser determines that no such spread is customarily applied);
- (iii) the Independent Adviser determines and which is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate, as the case may be.

“**Alternative Rate**” means an alternative benchmark or screen rate which the Independent Adviser determines in accordance with Condition 5(b)(iii)(C)(b) and which is customarily applied in international debt capital markets transactions for the purposes of determining rates of interest (or the relevant component part thereof) in the same Specified Currency as the Notes.

“**Benchmark Amendments**” has the meaning given to it in Condition 5(b)(iii)(C)(d).

“**Benchmark Event**” means:

- (i) the Original Reference Rate ceasing to be published for a period of at least 5 Business Days or ceasing to exist; or
- (ii) a public statement by the administrator of the Original Reference Rate that it has ceased or that it will cease publishing the Original Reference Rate permanently or indefinitely (in

circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate); or

- (iii) a public statement by the supervisor of the administrator of the Original Reference Rate, that the Original Reference Rate has been or will be permanently or indefinitely discontinued; or
- (iv) a public statement by the supervisor of the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will be prohibited from being used either generally, or in respect of the Notes; or
- (v) it has become unlawful for any Paying Agent, the Calculation Agent or the Issuer to calculate any payments due to be made to any Noteholder using the Original Reference Rate,

provided that in the case of sub-paragraphs (ii), (iii) and (iv), the Benchmark Event shall occur on or within the six months preceding the date of the cessation of publication of the Original Reference Rate, the discontinuation of the Original Reference Rate, or the prohibition of use of the Original Reference Rate, as the case may be, and not the date of the relevant public statement.

The occurrence of a Benchmark Event shall be determined by the Issuer and promptly notified to the Fiscal Agent, the Calculation Agent and the Paying Agents. For the avoidance of doubt, neither the Fiscal Agent, the Calculation Agent nor the Paying Agents shall have any responsibility for making such determination.

“**Business Day**” means:

- (i) in the case of a currency other than Euro or RMB, a day (other than a Saturday, Sunday or a public holiday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for such currency; and/or
- (ii) in relation to any sum payable in RMB, a day (other than a Saturday, Sunday or public holiday) on which commercial banks and foreign exchange markets settle payments in RMB in Hong Kong and in the relevant Business Centre(s) (if any); and/or
- (iii) in the case of Euro, a day on which the TARGET System is operating (a “**TARGET Business Day**”); and/or
- (iv) in the case of a currency and/or one or more Business Centres, a day (other than a Saturday, a Sunday or a public holiday) on which commercial banks and foreign exchange markets settle payments in such currency in the Business Centre(s) or, if no currency is indicated, generally in each of the Business Centres.

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest on any Note for any period of time (whether or not constituting an Interest Period, the “Calculation Period”):

- (i) if “**Actual/Actual**” or “**Actual/Actual - ISDA**” or “**Act/Act**” or “**Act/Act - ISDA**” is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (ii) if “**Actual/365 (Fixed)**” is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 365;
- (iii) if “**Actual/360**” is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 360;

- (iv) if “**Actual/Actual ICMA**” is specified in the relevant Final Terms:
- (a) if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any year; and
 - (b) if the Calculation Period is longer than one Determination Period, the sum of:
 - (x) the number of days in such Calculation Period falling in the next Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year;
 - (y) the number of days in such Calculation Period falling in the next Determination Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year,

where:

“**Determination Period**” means the period from and including a Determination Date in any year to but excluding the next Determination Date; and

“**Determination Date**” means the date specified herein or, if none is so specified, the Interest Payment Date.

- (v) if “**30/360**” is specified in the relevant Final Terms, the number of days in the Calculation Period by 360 calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**M₁**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

- (vi) if “**30E/360**” is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360 calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent

performing its respective duties under the Conditions. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid and notice of any such change of Calculation Agent shall promptly be given to the Noteholders in accordance with Condition 14 below.

(k) RMB Notes

Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate per annum equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Interest Payment Date.

The Calculation Agent will, as soon as practicable after the Relevant Time as specified in the relevant Final Terms on each Interest Determination Date, calculate the amount of interest payable per Specified Denomination for the relevant Interest Period. The determination of the amount of interest payable per Specified Denomination by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable per Specified Denomination for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Specified Denomination and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an adjustment of the Interest Period, if the Interest Payment Date is not a Business Day. If the Notes become due and payable under Condition 10, the accrued interest per Specified Denomination shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Specified Denomination so calculated need be made.

Interest shall be calculated in respect of any period by applying the Rate of Interest to the Specified Denomination, multiplying such product by the actual number of days in the relevant Interest Period or, as applicable, other period concerned and dividing it by 365, and rounding the resultant figure to the nearest RMB sub-unit, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

6 Redemption, Purchase and Options

(a) Final Redemption

Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount).

(b) Early Redemption:

(i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Nominal Amount (calculated as provided below) of such Note.
- (B) Subject to the provisions of sub-paragraph (C) below, the “**Amortised Nominal Amount**” of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgement) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.

- (ii) **Other Notes:** The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10, shall be the Final Redemption Amount.

(c) Redemption for Taxation Reasons:

- (i) If, by reason of any change in, or any change in the official application or interpretation of, the law of a Relevant Jurisdiction (as defined below), becoming effective after the Issue Date, the Issuer [or, the Guarantor (in respect of the Guarantee)] would on the occasion of the next payment of principal or interest due in respect of the Notes or Coupons, not be able to make such payment without having to pay additional amounts as specified under Condition 8 below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than 45 nor less than 30 days’ prior notice to the Noteholders or, if applicable, to the holders of Coupons (the “**Couponholders**”) (which notice shall be irrevocable) in accordance with Condition 14, redeem all, but not some only, of the Notes at their Redemption Amount together with any interest accrued to the date set for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer [or, the Guarantor (in respect of the Guarantee)] could make payment of principal and interest without withholding for such additional amounts.

- (ii) If the Issuer [or, the Guarantor (in respect of the Guarantee)] would on the next payment of principal or interest in respect of the Notes or Coupons be prevented by the law of a Relevant Jurisdiction from making payment to the Noteholders or, if applicable, Couponholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven days' prior notice to the Noteholders or, if applicable, the Couponholders, in accordance with Condition 14, redeem all, but not some only, of the Notes then outstanding at their Redemption Amount together with any interest accrued to the date set for redemption on (A) the latest practicable Interest Payment Date on which the Issuer [or the Guarantor] could make payment of the full amount then due and payable in respect of the Notes or, if applicable, Coupons, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders or, if applicable, Couponholders, shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) 14 days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, or, if applicable, Coupons or, if that date is passed, as soon as practicable thereafter.

“**Relevant Jurisdiction**” means the Republic of France or any other jurisdiction in which the Issuer [or, the Guarantor (in respect of the Guarantee)], or its successor, is or becomes organised or resident for tax purposes, or any political subdivision or taxing authority in, or of, any of the foregoing.

(d) Make-Whole Redemption by the Issuer:

If a Make-Whole Redemption by the Issuer is specified in the relevant Final Terms, in respect of any issue of Notes, the Issuer will, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 days' irrevocable notice in accordance with Condition 14 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms), have the option to redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date (the “**Optional Redemption Date**”) at their Optional Redemption Amount. The Optional Redemption Amount will be calculated by the Calculation Agent and will be the greater of (x) 100 per cent. of the nominal amount of the Notes so redeemed and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (not including any interest accrued on the Notes to, but excluding, the relevant Optional Redemption Date) discounted to the relevant Optional Redemption Date on an annual basis at the Redemption Rate plus a Redemption Margin (as specified in the relevant Final Terms), plus in each case (x) or (y) above, any interest accrued on the Notes to, but excluding, the Optional Redemption Date.

If a Residual Maturity Call Option is specified in the relevant Final Terms and if the Issuer decides to redeem the Notes pursuant to the Make-Whole Redemption by the Issuer before the Residual Maturity Call Option Date (as specified in the relevant Final Terms) pursuant to Condition 6(g) below, the Optional Redemption Amount in respect of the Make-Whole Redemption by the Issuer will be calculated taking into account the Residual Maturity Call Option Date pursuant to Condition 6(g) below and not the Maturity Date.

The “**Redemption Rate**” is the average of the four quotations (eliminating the highest quotation (or, in the event of equality, one of the highest quotations) and the lowest quotation (or in the event of equality, one of the lowest quotations)) given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security (as specified in the relevant Final Terms) on the fourth

business day preceding the Optional Redemption Date at 11.00 a.m. (Central European time (CET)).

“**Reference Dealers**” means each of the four banks selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues or as specified in the relevant Final Terms.

If the Reference Security is no longer outstanding, a Similar Security specified in the Final Terms, will be chosen by the Calculation Agent at 11.00 a.m. (Central European time (CET)) on the third business day in London preceding the Optional Redemption Date, quoted in writing by the Calculation Agent to the Issuer and notified in accordance with Condition 14.

The Redemption Rate will be notified by the Issuer in accordance with Condition 14.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

In the case of a partial redemption of, or a partial exercise of the Issuer’s option in respect of, Materialised Notes, the notice to holders of such Materialised Notes shall also contain the numbers of the Definitive Materialised Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances and taking account of prevailing market practices, subject to compliance with any applicable laws and requirements of the Regulated Market on which the Notes are admitted to trading.

In the case of a partial redemption of, or a partial exercise of the Issuer’s option in respect of, Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with Article R.213-16 of the Code, subject to compliance with any other applicable laws and requirements of the Regulated Market on which the Notes are admitted to trading. In no event, the outstanding nominal amount of each Note following such reduction shall be below any amount which would prevent the Issuer from choosing its home Member State (as such term is defined in the Prospectus Regulation).

Any notice given by the Issuer pursuant to this Condition 6(d) shall be deemed void and of no effect in relation to any Note in the event that, prior to the giving of such notice by the Issuer, the relevant Noteholder had already delivered an Exercise Notice in relation to such Note in accordance with Condition 6(f) below.

So long as the Notes are admitted to trading on a Regulated Market and the rules of that stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulation (*Règlement Général*) of the AMF and on the website of any other competent authority and/or Regulated Market where the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Notes drawn for redemption but not surrendered.

(e) Redemption at the Option of the Issuer and Exercise of Issuer’s Options and Partial Redemption

If a Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than 15 nor more than 30 days’ irrevocable notice to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem, or exercise any Issuer’s option (as may be

described in the relevant Final Terms) in relation to, all or, if so provided, some, of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the certificate numbers of the Definitive Materialised Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange requirements.

In the case of a partial redemption of or a partial exercise of an Issuer's option in respect of Dematerialised Notes of any Series, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes that will not be redeemed shall be made in accordance with Article R.213-16 of the Code and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and stock exchange requirements.

So long as the Notes are admitted to trading on a Regulated Market and the rules of that stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulation (*Règlement Général*) of the AMF and on the website of any other competent authority and/or Regulated Market where the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Notes drawn for redemption but not surrendered.

(f) Redemption at the Option of Noteholders and Exercise of Noteholders' Options

If Put Option is specified in the relevant Final Terms, the Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option or any other Noteholders' Option that may be set out in the relevant Final Terms (which must be exercised on an Option Exercise Date) the Noteholder must deposit with any Paying Agent at its specified office a duly completed option exercise notice ("**Exercise Notice**") in the form obtainable from any Paying Agent within the notice period. In the case of Materialised Notes, the Exercise Notice shall have attached to it the relevant Notes (together with all unmatured Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Fiscal Agent or the Paying Agent with a specified office in Paris as specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred, may be withdrawn without the prior consent of the Issuer.

(g) Residual Maturity Call Option

If a Residual Maturity Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice in accordance with Condition 14 to the Noteholders redeem the Notes, in whole or in part, at par together with interest accrued to, but excluding, the date fixed for redemption, which shall be no earlier than (i) three months before the Maturity Date in respect of Notes having a maturity of not more than seven years or (ii) six months before the Maturity Date in respect of Notes having a maturity of more than seven years, until the Maturity Date (in each case, the "**Residual Maturity Call Option Date**") as specified in the relevant Final Terms.

For the purpose of the preceding paragraph, the maturity of not more than seven years or the maturity of more than seven years shall be determined as from the Issue Date of the first Tranche of the relevant Series of Notes.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption, the relevant provisions of Condition 6(d) shall apply *mutatis mutandis* to this Condition 6(g).

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

(h) Redemption at the Option of Noteholders following a Change of Control

If Change of Control Put Option is specified in the relevant Final Terms, and if at any time while any such Note remains outstanding there occurs a Change of Control of Schneider Electric SE and within the Change of Control Period a Rating Downgrade occurs as a result of that Change of Control or as a result of a Potential Change of Control (a "**Put Event**"), then the holder of such Note will have the option (the "**Change of Control Put Option**") (unless, prior to the giving of the Put Event Notice (as defined below), the Issuer gives notice of its intention to redeem such Note under Condition 6(c)) to require the Issuer to redeem or, at the Issuer's option, to procure the purchase of that Note on the Optional Redemption Date (all as defined below) at its principal amount together with (or, where purchased, together with an amount equal to) accrued interest to but excluding the Optional Redemption Date.

For the purpose of this Condition 6(h) and for the avoidance of doubt, any reference to Schneider Electric SE shall refer to Schneider Electric SE, as Issuer, and, in the event of substitution of Schneider Electric SE in accordance with Condition 15, to Schneider Electric SE, as Guarantor.

A "**Change of Control**" shall be deemed to have occurred at each time that any person or persons acting in concert come(s) to own or acquire(s) (i) more than 50 per cent. of the issued share capital of Schneider Electric SE or (ii) such number of the shares in the capital of Schneider Electric SE carrying more than 50 per cent. of the voting rights.

- (ii) pursuant to a Potential Change of Control, the period commencing 180 days prior to the date of the public announcement of the result (*avis de résultat*) by the AMF of the relevant Change of Control and ending on the date of such announcement (inclusive) provided that

(a) a Rating Downgrade occurs during that period and (b) such Rating Downgrade results from a Potential Change of Control.

“**Rating Agency**” means S&P or any other rating agency of equivalent international standing requested from time to time by the Issuer [or, the Guarantor] to grant a rating to the Notes and, in each case, their respective successors or affiliates.

A “**Rating Downgrade**” shall be deemed to have occurred in respect of a Change of Control or in respect of a Potential Change of Control if within the Change of Control Period:

(A) the rating previously assigned to the Notes by any Rating Agency is (x) withdrawn or (y) changed from an investment grade rating (BBB-, or its respective equivalents for the time being, or better) to a non-investment grade rating (BB+, or their respective equivalents for the time being, or worse) or (z) if the rating previously assigned to the Notes by any Rating Agency was below an investment grade rating (as described above), lowered by at least one full rating notch, or

(B) the Notes have no credit rating, and no Rating Agency assigns within the Change of Control Period an investment grade credit rating to the Notes, unless Schneider Electric SE has a credit rating from a Rating Agency, in which case paragraph (A) shall apply to the credit rating assigned to Schneider Electric SE by any Rating Agency; and

provided that (i) a Rating Downgrade otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of a particular Change of Control or Potential Change of Control, as the case may be, if the Rating Agency making the change in rating does not publicly announce or publicly confirm that the reduction was the result of the Change of Control or the Potential Change of Control, as the case may be, and (ii) any Rating Downgrade has to be confirmed in a letter, or other form of written communication, sent to the Issuer [or, the Guarantor] and publicly disclosed. When a substitution of the Issuer in accordance with Condition 15 has occurred, the written confirmation from the relevant Rating Agency shall be promptly notified to the Substituted Issuer by Schneider Electric SE.

“**Potential Change of Control**” means any public announcement or statement by Schneider Electric SE, any actual or potential bidder relating to any potential Change of Control of Schneider Electric SE.

As soon as the Rating Agency authorises the Issuer [or, the Guarantor] to disclose the Rating Downgrade, the Issuer [or, the Guarantor] becoming aware that a Put Event has occurred shall promptly give notice (a “**Put Event Notice**”) to the Noteholders in accordance with Condition 14 specifying the nature of the Put Event and the circumstances giving rise to it and the procedure for exercising the Change of Control Put Option. When a substitution of the Issuer in accordance with Condition 15 has occurred, the Put Event Notice shall be promptly notified to the Substituted Issuer by Schneider Electric SE.

To exercise the Change of Control Put Option to require redemption or, as the case may be, purchase of a Note following a Put Event, the holder of that Note must in the case of Dematerialised Notes, transfer or cause to be transferred or, in the case of Materialised Notes, deposit or cause to be deposited such Note (together, if applicable, with all unmatured Coupons and unexchanged Talons) with any Paying Agent at its specified office within the period (the “**Put Period**”) of 45 days after the Put Event Notice is given together with a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (as applicable) (a “**Put Option Notice**”) and in which the holder may specify a bank account to which payment is to be made.

The Issuer shall redeem or, at the option of the Issuer, procure the purchase of, the Notes in respect of which the Change of Control Put Option has been validly exercised as provided above, and subject to the transfer of such Notes to the account of the relevant Paying Agent for the account of

the Issuer as described above on the date which is the fifth Business Day following the end of the Put Period (the “**Optional Redemption Date**”). Payment in respect of any Note so transferred will be made in Euro to the holder to the specified Euro-denominated bank account in the Change of Control Put Option Notice on the Optional Redemption Date via the relevant Paying Agent.

(i) Clean-Up Call Option

If a Clean-Up Call Option is specified in the relevant Final Terms and if 75 per cent. or any other percentage above as specified in the relevant Final Terms (the “**Clean-Up Percentage**”) of the initial aggregate nominal amount of Notes of the same Series have been redeemed or purchased and, in each case, cancelled, the Issuer may, on giving not less than 15 nor more than 30 days’ irrevocable notice in accordance with Condition 14 to the Noteholders redeem the Notes, in whole but not in part, at the Early Redemption Amount together with interest accrued to, but excluding, the date fixed for redemption, subject to the operation of the Acquisition Event Call Option as described below.

(j) Redemption on Acquisition Event

If an Acquisition Event Call Option is specified in the relevant Final Terms and an Acquisition Event (as defined below) occurs, the Issuer may, on giving promptly and in any event not more than 60 days after the occurrence of such Acquisition Event and not more than 30 nor less than 15 calendar days before the date set for redemption, irrevocable notice to the Noteholders in accordance with Condition 14, subject to having also given notice to the Fiscal Agent, redeem in whole or in part or, if so specified in the relevant Final Terms, in whole only, the Notes at the Optional Redemption Amount specified in the relevant Final Terms together, if appropriate, with any interest accrued to the date fixed for redemption. The Issuer may waive its right to call the Notes in accordance with this Condition 6(j) by giving notice (which shall be irrevocable) pursuant to Condition 14.

If an Acquisition Event Call Option is specified in the relevant Final Terms, the Issuer shall not be entitled, during a period of twelve (12) months following the exercise by the Issuer of such Acquisition Event Call Option to exercise a Clean-up Call Option in accordance with Condition 6(i) with respect to such Notes.

An “**Acquisition Event**” shall have occurred if:

- (i) on or prior to the Acquisition Event Limit Date specified in the relevant Final Terms, the Issuer has not completed and closed the acquisition of the Targeted Company (as defined in the relevant Final Terms); or
- (ii) the Issuer has publicly stated that it no longer intends to pursue the acquisition of the Targeted Company (as defined in the relevant Final Terms).

In the case of a partial redemption, the relevant provisions of Condition 6(e) shall apply *mutatis mutandis* to this Condition 6(j).

(k) Purchases

The Issuer and any of its Subsidiaries may at any time purchase Notes (provided that, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price. Unless the possibility of holding and reselling is expressly excluded in the Final Terms, all Notes so purchased by the Issuer may be held and resold in accordance with applicable French laws and regulations.

(l) Cancellation

All Notes purchased by or on behalf of the Issuer for cancellation or any of its Subsidiaries will forthwith be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance

with the rules and procedures of Euroclear France and, in the case of Materialised Notes, by surrendering each such Materialised Note together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(m) Illegality

If, by reason of any change in French law or any change in the official application of such law, becoming effective after the Issue Date, it becomes unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes [or for the Guarantor to perform and comply with one or more of its obligations under the Guarantee], the Issuer will, subject to having given not more than 45 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption.

7 Payments and Talons

(a) Dematerialised Notes

Payments of principal and interest in respect of Dematerialised Notes shall be made (i) in the case of Dematerialised Notes in bearer dematerialised form or administered registered dematerialised form, by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the relevant Noteholder and (ii) in the case of Dematerialised Notes in fully registered form, to an account denominated in the relevant currency with a Bank designated by the relevant Noteholder. All payments validly made to such Account Holders will constitute an effective discharge of the Issuer in respect of such payments.

(b) Materialised Notes

Payments of principal and interest in respect of Materialised Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Materialised Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(v)) or Coupons (in the case of interest, save as specified in Condition 7(f)(v)), as the case may be, (i) in the case of a currency other than Renminbi, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Bank and (ii) in the case of Renminbi, by transfer to a Renminbi account maintained by or on behalf of the Noteholder with a Bank. “**Bank**” means a bank in the principal financial centre for such currency or, in the case of Euro, in a city in which banks have access to the TARGET System, or in the case of RMB, in Hong Kong.

(c) Payments in the United States

Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Materialised Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of

the Issuer, any adverse tax consequence to the Issuer [or the Guarantor, if payment is being made under the Guarantee].

(d) Payments Subject to Fiscal Laws

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(e) Appointment of Agents

The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Registration Agent and the Consolidation Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent expert(s) and, in each case, do not assume any obligation or relationship of agency or trust for or with any Noteholder or holder of a coupon (a “**Couponholder**”). The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Registration Agent, the Consolidation Agent and the Calculation Agent(s), and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agents having specified offices in at least two major European cities, (v) in the case of Dematerialised Notes in fully registered form, a Registration Agent and, (vi) such other agents as may be required by the rules of any other stock exchange on which the Notes may be admitted to trading.

In addition, the Issuer [or the Guarantor, if payment is being made under the Guarantee] shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated in U.S. dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14 below.

(f) Unmatured Coupons and Unexchanged Talons

- (i) Unless Materialised Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).
- (ii) If Materialised Notes so provide, upon the due date for redemption of any such Materialised Note, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Materialised Note, any unexpired Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

- (iv) Where any Materialised Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any such Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Materialised Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note representing it, as the case may be. Interest accrued on a Materialised Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note representing it, as the case may be.

(g) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

(h) Non-Business Days

If any date for payment in respect of any Note or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) on which banks and foreign exchange markets are open for business in such jurisdictions as shall be specified as “**Financial Centres**” in the relevant Final Terms and (C) (i) (in the case of a payment in a currency other than Euro and Renminbi) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) (in the case of a payment in Euro) which is a TARGET Business Day, or (iii) (in the case of a payment in Renminbi) on which banks and foreign exchange markets are open for business and settlement of Renminbi payments in Hong Kong.

(i) Payment of US Dollar Equivalent

Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs or if RMB is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by a RMB Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five nor more than 30-days irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in US dollars on the due date at the US Dollar Equivalent of any such RMB denominated amount.

In such event, payments of the US Dollar Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollar account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the US Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 10.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7(i) by the RMB Rate

Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

For the purposes of this Condition 7(i):

“**Governmental Authority**” means any *de facto* or *de jure* government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong or any other relevant jurisdiction of a Renminbi offshore market.

“**Illiquidity**” means that the general RMB exchange market in Hong Kong or any other relevant jurisdiction of a Renminbi offshore market becomes illiquid, other than as a result of an event of Inconvertibility or Non-Transferability, as determined by the Issuer in good faith and in a commercially reasonable manner following consultation with two RMB Dealers as a result of which event the Issuer cannot, having used its reasonable endeavours, obtain sufficient RMB in order fully to satisfy its obligation to pay interest or principal in respect of the RMB Notes.

“**Inconvertibility**” means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of RMB Notes in the general RMB exchange market in Hong Kong or any other relevant jurisdiction of a Renminbi offshore market, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

“**Non-Transferability**” means the occurrence of any event that makes it impossible for the Issuer to deliver RMB between accounts inside Hong Kong or any other relevant jurisdiction of a Renminbi offshore market from an account inside Hong Kong or any other relevant jurisdiction of a Renminbi offshore market or to an account outside Hong Kong or any other relevant jurisdiction of a Renminbi offshore market, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

“**RMB Dealer**” means an independent foreign exchange dealer of international repute active in the RMB exchange market in Hong Kong or any other relevant jurisdiction of a Renminbi offshore market reasonably selected by the Issuer.

“**RMB Note**” means a Note denominated in RMB.

“**RMB Rate Calculation Agent**” means the agent appointed from time to time by the Issuer for the determination of the RMB Spot Rate or identified as such in the relevant Final Terms.

“**RMB Rate Calculation Business Day**” means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong or any other relevant jurisdiction of a Renminbi offshore market and in New York City.

“**RMB Rate Calculation Date**” means the day which is two RMB Rate Calculation Business Days before the due date for payment of the relevant RMB amount under the Conditions.

“**RMB Spot Rate**” for a RMB Rate Calculation Date means the spot CNY/US dollar exchange rate for the purchase of US dollars with CNY in the over-the-counter CNY exchange market in Hong Kong or any other relevant jurisdiction of a Renminbi offshore market for settlement on the relevant due date for payment, as determined by the RMB Rate Calculation Agent at the Relevant Time as specified in the relevant Final Terms on such RMB Rate Calculation Date, on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither such rate is available,

the RMB Rate Calculation Agent will determine the RMB Spot Rate at the Relevant Time as specified in the relevant Final Terms on the RMB Rate Calculation Date as the most recently available CNY/U.S. dollar official fixing rate for settlement on the relevant due date for payment reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

“**US Dollar Equivalent**” means the relevant RMB amount converted into US dollars using the RMB Spot Rate for the relevant RMB Rate Calculation Date, as calculated by the RMB Rate Calculation Agent.

8 Taxation

(a) Withholding Tax exemption

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes or Coupons [or payments under the Guarantee] shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) Additional Amounts

If the law or regulation of a Relevant Jurisdiction should require that payments of principal, or interest in respect of any Note or Coupon [or payments under the Guarantee] be subject to deduction or withholding in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within any Relevant Jurisdiction or any authority therein or thereof having power to tax, the Issuer will [or, as the case may be, the Guarantor in the case of payments under the Guarantee], to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon [or payments under the Guarantee], as the case may be:

- (i) **Other connection:** to, or to a third party on behalf of, a Noteholder or, if applicable, a Couponholder, as the case may be, who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the Relevant Jurisdiction other than the mere holding of the Note or Coupon; or
- (ii) **Presentation more than 30 days after the Relevant Date:** in the case of Materialised Notes, more than 30 days after the Relevant Date except to the extent that the Noteholder or, if applicable a Couponholder, as the case may be, would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day.

As used in these Conditions, “**Relevant Date**” in respect of any Note or Coupon [or payments under the Guarantee] means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

References in these Conditions to (i) “**principal**” shall be deemed to include any premium payable in respect of the Notes, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable pursuant to Condition 7 or any amendment or supplement to it, (ii) “**interest**” shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it and (iii) “**principal**” and/or “**interest**” shall be deemed to include any additional amounts that may be payable under this Condition.

(c) Supply of information

Each Noteholder shall be responsible for supplying to the relevant Paying Agent, in a timely manner, any information as may be required in order to comply with the identification and reporting obligations imposed on it by Article 242 ter of the French *Code général des impôts* and Articles 49 I ter to 49 I sexies of Annexe III to the French *Code général des impôts*.

9 Prescription

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

10 Events of Default

The Representative (as defined under Condition 11), upon request of any Noteholder, may, upon written notice to the Issuer and the Fiscal Agent given before all defaults shall have been cured, cause the principal amount of all the Notes (but not some only) held by such Noteholder to become immediately due and payable, together with accrued interest thereon, as of the date on which such notice for payment is received by the Fiscal Agent without further formality, if any of the following events (each an “**Event of Default**”) shall occur:

- (i) in the event of default by the Issuer in the payment of principal and interest on any Note [or the Guarantor defaults in any payment when due under the Guarantee], when and as the same shall become due and payable, if such default shall not have been cured within 7 business days from such due date;
- (ii) in the event of default by the Issuer [or the Guarantor] in the due performance of any other provision of the Notes [or the Guarantee], if such default shall not have been cured within 21 business days after receipt by the Fiscal Agent of written notice of such default given by a Noteholder;
- (iii) any other present or future indebtedness of the Issuer [, the Guarantor] or any Principal Subsidiary for borrowed monies in excess of Euro 200,000,000 (or its equivalent in any other currency), whether individually or in the aggregate, becomes, following, where applicable, the expiry of any originally applicable grace period, due and payable prior to its stated maturity as a result of a default thereunder, or any such indebtedness shall not be paid when due or, as the case may be, within any originally applicable grace period therefor or any steps shall be taken to enforce any security in respect of any such indebtedness or any guarantee or indemnity given by the Issuer [, the Guarantor] or any Principal Subsidiary for, or in respect of, any such indebtedness of others shall not be honoured when due and called upon;
- (iv) a judgement is issued for the judicial liquidation (*liquidation judiciaire*) or for a transfer of the whole of the business (*cession totale de l'entreprise*) of the Issuer [, the Guarantor] or any Principal Subsidiary or, to the extent permitted by law, the Issuer [, the Guarantor] or any Principal Subsidiary is subject to any other insolvency or bankruptcy proceedings or the Issuer [, the Guarantor] or any Principal Subsidiary makes any conveyance, assignment or

other arrangement for the benefit of its creditors or enters into a composition with its creditors;

- (v) in the event that the Issuer [or the Guarantor] or any Principal Subsidiary ceases to carry on all or a material part of its or their business or other operations, except for the purposes of and following a merger or reorganisation (*fusion, scission or apport partiel d'actifs*) (i) in the case of the Issuer, on terms approved by a Collective Decision of the Noteholders if French law were to require such merger or reorganisation to be approved by a Collective Decision of the Noteholders or (ii) or in the case of a Principal Subsidiary, whereby the undertaking and assets of the Principal Subsidiary are vested in the Issuer, another of the Principal Subsidiaries or any other Subsidiary which as a result of such merger or reorganisation becomes a Principal Subsidiary;
- (vi) [the Guarantee is not (or is claimed by Schneider Electric SE not to be) in full force and effect; or]
- (vii) [the Issuer ceases to be a Subsidiary of Schneider Electric SE].

For the purpose paragraphs (iii), (iv) and (v) above, the term “**Principal Subsidiary**” shall have the same meaning as under Condition 4 hereinabove

11 Representation of Noteholders

In respect of the representation of the Noteholders, the following shall apply:

(a) *Masse*

Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a masse (in each case, the “*Masse*”), which will be subject to the below provisions of this Condition 11.

The *Masse* will be governed by the provisions of the French *Code de commerce*, with the exception of Articles L.228-48, L.228-59, the second sentence of Article L.228-65 II, L.228-71, R.228-63 and R.228-69 of the French *Code de Commerce* and subject to the following provisions:

- (i) **Legal Personality:** The *Masse* will be a separate legal entity and will act in part through a representative (the “**Representative**”) and in part through a general meeting of the Noteholders (the “**General Meeting**”) or by consent following a Consultation in Writing (as defined and further described in Condition 11 b) below) (together, “**Collective Decisions**”).
- (ii) The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.
- (iii) **Representative:** The office of the Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representatives:
 - (a) the Issuer, the members of its Board of Directors (*Conseil d'administration*), its general managers (*directeurs généraux*), its statutory auditors, or its employees as well as their ascendants, descendants and spouses; or
 - (b) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their Board of Directors (*Conseil d'administration*), Management Board (*Directoire*) or Supervisory Board (*Conseil de surveillance*), their statutory auditors, or employees as well as their ascendants, descendants and spouses; or

- (c) companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or
- (d) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The names and addresses of the initial Representative of the *Masse* and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement, dissolution or revocation of appointment of the Representative, such Representative will be replaced by another Representative. In the event of death, retirement, dissolution or revocation of appointment of the alternate Representative, an alternate will be elected by Collective Decision.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

- (iv) **Powers of the Representative:** The Representative shall (in the absence of any Collective Decision to the contrary) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not interfere in the management of the affairs of the Issuer.

- (v) **General Meeting:** A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting, together with the proposed agenda for such General Meeting. If such General Meeting has not been convened within two months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 14 not less than 15 days prior to the date of such General Meeting.

Each Noteholder has the right to participate in a General Meeting in person, by proxy, correspondence, or, videoconference or any other means of telecommunications allowing the identification of the participating Noteholders as provided *mutatis mutandis* by Article R.223-20-1 of the French *Code de commerce*. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

- (vi) **Powers of the General Meetings:** The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) to Noteholders, nor establish any unequal treatment between the Noteholders, nor to decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Noteholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in Collective Decisions will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder on the second business day in Paris preceding the date set for the meeting of the relevant Collective Decision at 0:00, Paris time.

Decisions of General Meetings and Consultation in Writing must be published in accordance with the provisions set forth in Condition 14.

- (b) **Consultation in Writing:** Pursuant to Article L.228-46-1 of the French *Code de commerce*, but in respect of any Series of Dematerialised Notes only, the Issuer shall be entitled in lieu of the holding of a General Meeting to seek approval of a resolution from the Noteholders by way of a Consultation in Writing. Subject to the following sentence a Consultation in Writing may be contained in one document or in several documents in like form, each signed by or on behalf of one or more of the Noteholders. Pursuant to Articles L.228-46-1 and R.225-97 of the French *Code de commerce* approval of a Consultation in Writing may also be given by way of electronic communication allowing the identification of Noteholders (“**Electronic Consent**”).

Notice seeking the approval of a Consultation in Writing (including by way of Electronic Consent) will be published as provided under Condition 14 not less than 10 days prior to the date fixed for the passing of such Consultation in Writing (the “**Consultation Date**”). Notices seeking the approval of a Consultation in Writing will contain the conditions of form and time-limits to be complied with by the Noteholders who wish to express their approval or rejection of such proposed Consultation in Writing. Noteholders expressing their approval or rejection before the Consultation in Writing Date will undertake not to dispose of their Notes until after the Consultation Date.

A “**Consultation in Writing**” means a resolution in writing signed or approved by or on behalf of the Noteholders representing not less than 75 per cent. in nominal amount of the Notes outstanding.

- (c) **Information to Noteholders:** Each Noteholder or Representative thereof will have the right, during the 15-day period preceding the holding of each General Meeting on first convocation and 10-day period preceding the holding of each General Meeting on second convocation or the Consultation Date, to consult or make a copy of the text of the resolutions which will be proposed and of the reports prepared in connection with such resolutions, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting or Consultation in Writing. Any notice to be given to Noteholders in accordance with this Condition 11 shall be given in accordance with Condition 14(e) below.
- (d) **Expenses:** The Issuer will pay all expenses relating to the operation of the *Masse*, including expenses relating to the calling and holding of General Meetings and seeking a Consultation in Writing and, more generally, all administrative expenses resolved upon by the General Meeting or

in writing by the Noteholders, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

The Issuer shall hold a register of the decisions taken by the sole Noteholder and shall make them available, upon request, to any subsequent holder of any of the Notes of such Series.

If Schneider Electric SE determines that any of its Subsidiaries will become the principal debtor (in such capacity, the “**Substituted Issuer**”), Schneider Electric SE shall give no less than 30 nor more than 45 days’ notice to the Noteholders of each Note then outstanding of such event and, immediately on the expiry of such notice, the Substituted Issuer shall become the principal debtor in respect of the Notes in place of Schneider Electric SE and Noteholders shall thereupon cease to have any rights or claims whatsoever against Schneider Electric SE as principal debtor. However, no such substitution shall take effect:

- (i) if the effect of such substitution would, at the time of such substitution, be that payments in respect of any Note would be required to be made subject to any withholding or deduction which would not otherwise arise in the absence of such substitution, without such withholding or deduction being borne by the Substituted Issuer through the gross-up mechanism;

- (v) if the relevant Notes are rated at the relevant time, the Substituted Issuer has obtained, prior to the substitution date, a written confirmation from the Rating Agency that the substitution will not result in whole or in part in a withdrawal, downgrading, placement in credit-watch or negative outlook of the Notes;
- (vi) until a document describing the Substituted Issuer, the content of which would substantially contain the minimum requirements to be published when securities are admitted to trading under the Prospectus Regulation; such document shall be published on the website of Schneider Electric SE;
- (vii) until such Substituted Issuer is validly incorporated under the laws of its jurisdiction of incorporation and have obtained all authorisations and approvals necessary for the substitution and the fulfilment of the obligations arising under the Notes;
- (viii) Schneider Electric SE has, prior to the substitution date, delivered to the Representative(s) of the *Masse* of each Series of Notes and to the Fiscal Agent for the benefit of the holders of the relevant Series of Notes and Coupons legal opinion(s) in such form as agreed with the Representative(s) of the *Masse* of each Series of Notes, from an international law firm of good repute in France and, as the case may be, legal opinion(s) from an international law firm of good repute in the jurisdiction of incorporation of the Substituted Issuer, confirming the legality, validity and enforceability of the substitution, the relevant Notes, the Guarantee, the ancillary agreements

required to be entered into in relation to the substitution and the obligations of the Substituted Issuer in relation to the substitution; and

- (ix) if such substitution would have a material adverse impact on the interests of the Noteholders.

In the event of such substitution, any reference in the Conditions (with the exception of Condition 6(h)) to the Issuer shall from then on be deemed to refer to the Substituted Issuer and any reference in the Conditions to the Republic of France shall from then on be deemed to refer to the country of incorporation of the Substituted Issuer.

The Common Depositary may also (if indicated in the relevant Final Terms) credit the accounts of subscribers with other clearing systems through direct or indirect accounts with Euroclear and Clearstream held by such other clearing systems with a nominal amount of Notes. Conversely, a nominal amount of Notes that is initially deposited with any clearing system other than Euroclear or Clearstream may similarly be credited to the accounts of subscribers with Euroclear or Clearstream.

- as stated in the relevant Final Terms, in respect of any particular issue of Notes for which there is a particular identified use of proceeds.

In respect of green, social or sustainability Notes, the Issuer will make available the relevant framework on its website on or before the issue of such Notes. The Issuer will apply processes for project evaluation and selection, management of proceeds and reporting consistent with guidelines set out in the Green Bond Principles, the Social Bond Principles and the Sustainability Bond Guidelines published by the International Capital Markets Association (as they may be further updated).

In that context and in relation to green Notes, and as further described in the relevant Final Terms, the Issuer will allocate the proceeds of the issuance of the Notes, directly or indirectly, to finance or refinance, in whole or in part, eligible green projects as defined in the relevant Final Terms with reference to the relevant framework or sections thereof published on the Issuer's website.

FIRST QUARTER REVENUES WERE DOWN -6.4% ORGANICALLY

2020 Q1 revenues reached **€5,830 million**, down **-6.4%** organically and down **-7.6%** on a reported basis.

Across the Group in Q1, Products were down **-6.2%** org., largely due to Covid-19 impact in Asia Pacific.

Commercial & Industrial Buildings (CIB) was down while offers for Residential & Small Buildings showed a slightly better performance. Demand from discrete industrial markets dropped across both Industrial Automation and Energy Management.

Systems (Projects and Equipment) decreased by **-13.1%** org., reflecting the high base of comparison in Q1 2019 coupled with impact of Covid-19 and commodity market volatility, impacting both businesses.

Software & Services grew **+3.4%** org. The Group continued to see traction in its software and service offers across end markets including specific wins linked to Smart Grids, Cybersecurity and Sustainability. The Group's Digitally enabled offers based on analytics to enable remote monitoring, preventive maintenance and asset management for higher efficiency saw increased traction. Field Services grew with an increased focus through the crisis towards electro-intensive customers supporting mission-critical infrastructure. AVEVA contributed to the growth despite its ongoing shift towards subscription and a high base of comparison.

ENERGY MANAGEMENT Q1, 2020 -6.1% ORG. GROWTH

Energy Management sales fell **-6.1%** organic (largely in Asia Pacific led by China). The fall in activity, as a consequence of the Covid-19 crisis, in residential and CIB end-markets varied from country to country with some projects restarting after appropriate Health & Safety measures were put in place, while some governments stipulated that non-essential construction must remain on hold. Hospitals, food chain and life science projects continued while hotels, leisure and shopping malls were directly impacted. Data Center was down on a high base of comparison in the quarter. The Group saw growth in its Distributed Secure Power offers that support power back up, including for "working from home" networks. Sales to Industrial end markets were down in the quarter. Services performed well in specific segments such as Consumer Packaged Goods (CPG) and Transportation. The Group's EcoStruxure offers, especially for applications enabling remote monitoring, virtual

testing and commissioning, preventive maintenance and servicing in mission critical and essential sites, gained traction. The product offerings from Asco Power for automated transfer switching coupled with specific MV/LV and secure power offers including software, remain essential to ensure continuity of operations in critical infrastructure.

Trends for Energy Management by geography:

North America (35% of Q1 revenues) reported sales rise of +1.4% organically with some evidence of distributor stocking in the U.S. (on account of anticipated disruption from Covid-19), despite weakening markets in both Residential and CIB towards the end of the quarter. Data center activity remained dynamic though impacted by a high base of comparison. Canada reported a varied performance amongst technologies while Mexico experienced a rebound on the back of a weak comparable in 2019. Energy Management services performed well in the quarter.

Western Europe (26% of Q1 revenues) reported a -1.5% sales decline organically. Without Covid-19 that began to impact parts of the region progressively in March, the region was positively oriented. The Group continued to see good growth in its offers for Residential and Small buildings. Several countries including Sweden, Belgium and Switzerland grew in Q1. France registered a slightly negative performance after a good start to the quarter. Germany posted strong growth driven by specific projects. Spain and Italy were impacted in the quarter given significant rise in contagion levels and consequent containment measures though the group's supply for critical infrastructure was maintained. The U.K. was down; wind power and transport end-market activity remained good and residential markets showed some resilience.

Asia-Pacific (23% of Q1 revenues) posted a -20.4% decline in sales organically. China reported the largest fall due to Covid-19 as expected and began recovering towards the end of the quarter as different cities and provinces resumed activity. Several other countries in the region also suffered complete or partial lockdowns as the quarter progressed impacting Australia, India, Indonesia, Malaysia, Philippines, Japan, Korea and Singapore.

Rest of the World (16% of Q1 revenues) showed a decline of -4.0% organically. Africa and Middle East registered a strong decline due to the economic situation and consequential impact on construction markets, while Turkey saw good demand in Residential. There continued to be lower demand in Utilities in the Gulf while South America delivered strong growth, benefiting from project execution particularly where the Group's Energy Management technologies are bundled and sold together notably in Brazil, Chile and Peru. Central Europe and CIS were down in the quarter due to the onset of Covid-19. Data Center end-market saw strong demand in the region.

INDUSTRIAL AUTOMATION Q1, 2020 DOWN c. -7.3% ORG.

Industrial Automation sales fell -7.3% organic. The results reflected the evolution of the economic cycle coupled with the impact of the Covid-19 crisis. Discrete as well as Process & Hybrid markets were down with Process & Hybrid faring relatively better given its mid-late cycle nature. Certain segments proved more resilient including, Transportation, CPG, Utilities and Water & Wastewater (WWW). Software and Digital services proved resilient and continued to grow.

Trends for Industrial Automation by geography:

North America (22% of Q1 revenues) sales contracted -3.2% organically. The U.S. was down as Process was impacted by weak Oil & Gas and Metal, Mining & Minerals (MMM) markets while some segments such as WWW, Transport & Lifesciences grew. Mexico fell slightly while Canada grew.

Western Europe (32% of Q1 revenues) sales fell -5.9% organically with Process and discrete markets both down. In a difficult industrial environment, most of the countries are showing a decline. France recorded poor performance in OEM markets in the continuation of H2 2019 driven by a general slowdown of discrete activities. Italy, the U.K. and Spain were also weak in Industrial markets due to slowdown in Manufacturing sectors.

Asia-Pacific (29% of Q1 revenues) sales fell -16.4% organically. China saw the largest decline within the region across both discrete and Process & Hybrid. Other countries in the region were also impacted due to the current economic situation.

Rest of the World (17% of Q1 revenues) sales rose +3.1% organically. South America, CIS and the Middle East reported growth with only Africa showing a decline. South American growth was helped by demand for equipment in Brazil. CIS saw good demand across OEM markets in Russia. The Middle East saw strong growth on account of projects in some Gulf countries and the OEM market in Turkey. Central Europe was flat.

CONSOLIDATION AND FOREIGN EXCHANGE IMPACTS IN Q1

Net acquisitions had an impact of **-€120 million** or **-1.9%** in Q1 sales. This includes mainly the disposal of Pelco, Converse Energy Projects, the U.S. Panels business and the deconsolidation of Electroschild Samara (SESH).

The impact of foreign exchange fluctuations was positive at **+€44 million** or **+0.7%** in Q1 sales primarily due to the strengthening of the U.S. Dollar against the Euro.

Based on current rates, the FX impact on FY 2020 revenues is estimated to be neutral to slightly negative. The FX impact at current rates on FY 2020 Adjusted EBITA margin could be between -30 bps to -40 bps.

SCHNEIDER SUSTAINABILITY IMPACT

The Schneider Sustainability Impact 2018-2020 is the Group's transformation plan and steering tool measuring progress towards its ambitious sustainability commitments. Details can be found on our [sustainability page](#)

The Schneider Electric Foundation is also inviting its other external stakeholders to donate to this fund. Details on how to contribute to this Fund can be found by [following this link](#).

IV. LEVERAGING DIGITAL CAPABILITIES FOR CUSTOMERS AND INTERNALLY

The Group has built its digital capabilities over several years focused on its connected offers complemented with its suite of software and digital services. The Group has also been focused on enhancing the digital customer experience as a key element of its digital transformation while establishing communities and partnerships.

In Q1 2020, the Group has witnessed an increased level of interest by customers for Digital services linked to remote monitoring, asset performance and predictive maintenance. Assets under Management grew >40% year-on-year in Q1. The Group also provided multiple digital interactions and trainings to customers across the world.

The Group has been able to seamlessly transition around 80% of its customer care center teams to remote working without impact on service levels. At present, around 90,000 of the Group’s connected staff are working from home concurrently without digital disruption.

V. GLOBAL SUPPLY CHAIN

The Group’s Global Supply Chain has been managing the crisis with agility. The Globally coordinated and regionally managed supply chain organization enables quick decision making and flexibility.

The Supply Chain organization has instituted a global crisis management team that is tracking developments in real time. While the first initiatives included ensuring the health & safety of its employees, the group also adapted some facilities to assist in the production of essential medical equipment including ventilators and 3D design/printing of masks/face protection.

At the same time, the Group ensured that products & services for critical industries remained available. The supply chain organization is monitoring factory and distribution center manpower availability with China presently at full manpower capacity and other regions at differing levels of manpower capacity primarily compatible with demand.

VI. FOCUS ON STRICT COST CONTROL MEASURES

The Group had already announced a medium-term cost efficiency plan in its Capital Markets Day in 2019. This cost efficiency plan is being accelerated. Further, the Group is implementing specific tactical savings across the organization and leveraging its multi-local model. The Group is preparing for multiple scenarios all with a view to ensure actions taken will enable it to emerge strong from this crisis. The Group is focused on acting swiftly and with agility, as was demonstrated during the 2009 financial crisis. The Group will share more details as the situation evolves.

VII. LIQUIDITY AND BALANCE SHEET POSITION

As of December 31, 2019, Schneider Electric's net debt amounted to **€3,792 million**. The Group's net debt to Adj. EBITDA ratio declined to **0.73x** compared to 1.08x in 2018.

Schneider Electric had total liquidity of **€6.3 billion**, including cash & cash equivalents of **€3.6 billion** as of year-end 2019, in addition to available committed credit lines of **€2.7 billion**. End of 2019, current and non-current financial liabilities amounted to **€7.4 billion**.

In March 2020, the Group issued a Bond of **€800 million** and in April 2020, a Bond of **€500 million**. Presently, Schneider Electric has total liquidity of around **€9 billion**, including cash & cash equivalents and available committed credit lines.

The Group has sufficient liquidity for its operations and debt repayments whilst also paying the dividend and funding the acquisitions that have already been announced.

In these challenging times, the Group remains very focused on Working Capital management and cash.

VIII. CAPITAL ALLOCATION PRIORITIES REMAIN UNCHANGED

The Group's capital allocation policy remains unchanged through this crisis.

SHARE BUYBACK

On February 14, 2019, the Group initiated a new €1.5 billion to €2.0 billion share buyback program over the period 2019-2021. Given the current context, Schneider Electric has suspended the buyback of its shares aligned with the withdrawal of its 2020 guidance pursuant to its March 23rd, 2020 communication. To date, €316 million of buyback has been completed on this program.

M&A UPDATE

Acquisitions

RIB Software: Further to the announcement on 13 February 2020, when the group announced an offer for RIB Software, the offer process is ongoing and the deal could be expected to close in Q2, 2020. The updated details relating to the transaction are available at <https://www.se-offer.com/>

Larsen & Toubro E&A: The complete nationwide lockdown in India has delayed the final completion of the group's purchase of L&T's electrical and automation business.

ProLeiT: In keeping with its strategy to enhance digital content within its offers, Schneider Electric announces the signing of an agreement for the acquisition of ProLeiT. This bolt-on acquisition enhances the Group's offering in the Consumer Packaged Goods segment with a specific focus on Food & Beverage, Chemical and Lifesciences. ProLeiT is headquartered in Germany and recorded revenues of around Euro 50m in 2019. The ProLeiT offer of Industrial Automation Process Control

will be integrated into the Group's EcoStruxure Plant offering (within its Industrial Automation business) and will seamlessly communicate with AVEVA software to add value for customers. The transaction is expected to close in the coming months.

Disposals

The Group remains committed to its portfolio optimization program for disposals/deconsolidation of revenues of €1.5bn to €2bn. There is no significant disposal to report in Q1, 2020 further to the revenues of €600 million disposed in 2019.

LOOKING AHEAD

As a consequence of the global Covid-19 crisis, the Group has suspended its guidance for 2020 on March 23, 2020. The Group will share updated 2020 guidance as the situation evolves.

Given the fact that a large part of the world is under some form of partial or complete lockdown at the moment, the Group expects Q2 2020 and therefore H1 2020 to be significantly impacted.

The Group will not speculate on (i) the shape and timing of the recovery in H2, 2020 or beyond at this stage or (ii) the potential positive impact of government stimulus packages as announced by the U.S., China and other countries. However, the Group continues to prepare for multiple scenarios with a view to emerge strong from the crisis.

Post-crisis, Schneider Electric is expected to be able to capture an acceleration in megatrends driven by government initiatives (all electric, all digital, renewables), a step up in investment in some of its core end- markets (Data Center, Infrastructure, Smart Buildings, Software / Industry IIOT). The Groups' ability to help customers in their sustainability journey will be even more relevant post-crisis.

The Group is well positioned to capitalize on all these trends and is confident that as the world emerges from this crisis, Schneider Electric's strategic choices and positioning coupled with its past transformations would prove a relative advantage. Based on the above, the Group remains confident in its across-cycle growth profile and its journey towards c.17% Adjusted EBITA margin.

FORM OF FINAL TERMS

[PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”) or in the United Kingdom (the “UK”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU, as amended (“**MiFID II**”); or (ii) a customer within the meaning of Directive (EU) 2016/97 (the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the “**Prospectus Regulation**”). Consequently, no key information document required by Regulation (EU) No. 1286/2014, as amended (the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.]¹

[²MIFID II product governance / Professional investors and eligible counterparties only target market – Solely for the purposes of [the/each] manufacturer[’s/s’] product approval process, the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority (ESMA) on 5 February 2018, has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU, as amended (“**MiFID II**”)] [MiFID II]; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*³] Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]

[SINGAPORE SFA PRODUCT CLASSIFICATION – In connection with Section 309B of the Securities and Futures Act (Chapter 289) of Singapore (the “**SFA**”) and the Securities and Futures Act (Capital Market Products) Regulations 2018 of Singapore (the “**CMP Regulations 2018**”), the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are prescribed capital markets products (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendation on Investment Products).]⁴

¹ Delete legend if the offer of the Notes do not constitute “packaged” products, in which case, insert “Not Applicable” in paragraph 7(viii) of Part B below. Include legend if the offer of the Notes may constitute “packaged” products and the Issuer intends to prohibit the Notes being offered, sold or otherwise made available to EEA or UK retail investors. In this case insert “Applicable” in paragraph 7(viii) of Part B below.

² Legend to be included on front of the Final Terms if following the ICMA 1 “all bands to all professionals” target market approach.

³ ICMA 1 and ICMA 2 approaches envisage that a negative target market will be unlikely. Note that a programme which only envisages vanilla issuance is unlikely to require a negative target market placeholder. If a negative target market is deemed necessary, wording along the following lines could be included: “The target market assessment indicates that Notes are incompatible with the needs, characteristic and objectives of clients which are fully risk averse/have no risk tolerance or are seeking on-demand full repayment of the amounts invested.”

⁴ For any Notes to be offered to Singapore investors, the Issuer to consider whether it needs to re-classify the Notes pursuant to Section 309B of the SFA prior to the launch of the offer.
