Our contributions to accelerate sustainability for all
Our 6 long-term commitments

Act for a climate-positive world
by continuously investing in and developing innovative solutions that deliver immediate and lasting decarbonization in line with our Net-Zero Commitment

Be efficient with resources
by behaving responsibly and making the most of digital technology to preserve our planet

Live up to our principles of trust
by upholding ourselves and all around us to high social, governance, and ethical standards

Create equal opportunities
by ensuring all employees are uniquely valued and work in an inclusive environment to develop and contribute their best

Harness the power of all generations
by fostering learning, upskilling, and development for each generation, paving the way for the next

Empower local communities
by promoting local initiatives and enabling individuals and partners to make sustainability a reality for all

2 guiding principles

#1 - Do well to do good and vice versa
- Performance
- Business
- All ESG

#2 - Bringing everyone along
- Model & Culture
- All Stakeholders

Supporting United Nations Sustainable Development Goals
## Schneider Sustainability Impact 2021-2025

Recognized as one of the “World’s Most Attractive Employers”, as voted by engineering students

Recognized in Forbes’ annual ranking of America’s Best Employers for Women, ranked 35th out of 400 highest-scoring companies

Schneider Sustainability Impact 2021-2025
Generations
Q3 2023 Highlights

Provided clean and reliable electricity to 20,000 people with solar-powered solutions installed at Children's Clinic in Kenya.

Over 19,000 University students from 70 countries joined in our annual Go Green Competition to pitch 4,000 ideas for energy and sustainability.

Collaborated on the Enactus Core Program in Mexico, impacting over 400 universities, colleges, and 60,000 students to foster entrepreneurial and social innovation skills.
Local
Q3 2023 Highlights

Recognized at **Gulf Sustainability Awards 2023** across four categories for solutions and transformation programs that have a positive impact on people and planet.

- District cooling project in **Barcelona, Spain**, in collaboration with e4efficiency from Enagás Group, received the Best Energy Innovation Initiative Award by El Periódico de la Energía.
- Mobilized emergency and reconstruction efforts in **Morocco**, from energy to educational support, in collaboration with local teams and our Foundation.
- Joined first ever ClimAccelerator in **Egypt** to provide mentorship, training and access to technology to local cleantech startups and strategic suppliers.
- Partnering with the Ligue pour la Protection des Oiseaux (LPO), an NGO of Birdlife International to restore biodiversity across four sites in **Grenoble, France**.
Schneider Sustainability Impact (SSI), is Schneider Electric’s continuous improvement process to deliver outstanding sustainability performance, in line with its business strategy. Progress is measured against a 2020 baseline, except for two programs measured against a 2019 baseline to mitigate COVID-19 impacts (#1 Impact revenues and #10 opportunities for the next generation), one program measured against a 2021 baseline (#7 Level of confidence to report unethical conduct), and one program measured against a 2022 baseline (#6 our strategic suppliers provide decent work to their employees).

The SSI provides, on a scoring scale of 10, an overall measure of the Group’s progress on its sustainability goals. This is done by converting each KPI’s performance on a 10-point scale, considering that base year performance receives a 3/10 score, and the 2025 objective translates in a 10/10 score. For each KPI, the relevant score is obtained by linear interpolation, and rounded down to the second decimal. By construction, the score of an indicator cannot exceed 10/10, and cannot be lower than 0/10. The overall score of the tool is the average of each KPI’s score with equal weight, excluding the Local commitment (SSI #+1). An external auditor provides a limited assurance on the KPIs of the SSI once a year – including the review of the methodologies and processes used to consolidate the different KPIs. In 2022, the Group obtained a “reasonable” assurance for SSI #8 and will progressively cover all externally assured KPIs with this new level of assurance.

Each year, the SSI performance impacts short-term incentives for the Group’s executives and about 64,000 eligible employees, for 20% of the collective share.
