Schneider Electric

Advancing Energy Tech

Jing Ren

Executive Vice President Strategy, Innovation & Communications

Jing Ren is Executive Vice-President Strategy, Innovation and Communications and serves on the Executive Committee of Schneider Electric. She has extensive experience in energy management and operations, specializing in strategy formulation, marketing, and R&D innovation.

Jing Ren began her journey at Schneider Electric in 2003 and has held various critical roles across global and local markets. Most recently, she served as Senior Vice President and Head of Energy Management Low Voltage Business for Schneider Electric China and East Asia, overseeing overall operations and management and leading the Global Power Products Hub in China.

Prior to her tenure at Schneider, Jing Ren graduated from North China Electric Power University with a bachelor's degree in Electrical & Automation. She further enhanced her expertise with an MBA from Tsinghua University and an EMBA from CEIBS (China Europe International Business School).

In 2023, she was recognized by Fortune as one of the Most Powerful Women in China, reflecting her influence and commitment to advancing the energy sector.
