| Type Of Operating Handle               | External frontal External left side |
|----------------------------------------|-------------------------------------|
|                                        | Direct frontal                      |
|                                        | External right side                 |
| Mounting Support                       | Plate                               |
|                                        | Rail                                |
| [Ui] Rated Insulation Voltage          | 800 V AC 50/60 Hz                   |
| [Uimp] Rated Impulse Withstand Voltage | 8 kV                                |
| Rated Operational Power In W           | 15 kW at 400 V                      |
|                                        | 18.5 kW at 500 V                    |
|                                        | 25 kW at 690 V                      |
| Making Capacity                        | 320 A at 400 V AC-23B               |
| Breaking Capacity                      | 256 A at 400 V (AC-23B)             |
| Short-Circuit Withstand                | 5.5 kA                              |

| Mechanical Durability                     | 20000 cycles                                           |
|-------------------------------------------|--------------------------------------------------------|
| Electrical Durability                     | 1500 cycles AC-23A                                     |
|                                           | 1500 cycles AC-23B                                     |
|                                           | 300 cycles DC-23A                                      |
|                                           | 300 cycles DC-23B                                      |
| Connections - Terminals                   | Power circuit: screw-clamp terminals2.516 mm² flexible |
| [Icm] Rated Short-Circuit Making Capacity | 100 kA at 400 V with protection by gG fuses            |
| Tightening Torque                         | Power circuit: 3 N.m - on screw-clamp terminals        |

## **Environment**

| Standards                             | IEC 60947-3                                        |
|---------------------------------------|----------------------------------------------------|
| Product Certifications                | CE                                                 |
| Protective Treatment                  | ТН                                                 |
| Ip Degree Of Protection               | IP20 conforming to IEC 60529 (with terminal cover) |
| Ambient Air Temperature For Operation | -2070 °C                                           |
| Ambient Air Temperature For Storage   | -4080 °C                                           |
| Fire Resistance                       | 960 °C body conforming to IEC 60695-2-1            |
| Height                                | 98 mm                                              |
| Width                                 | 96 mm                                              |
| Depth                                 | 112 mm                                             |
| Net Weight                            | 0.5 kg                                             |

# **Packing Units**

| Unit Type Of Package 1       | PCE       |
|------------------------------|-----------|
| Number Of Units In Package 1 | 1         |
| Package 1 Height             | 9.000 cm  |
| Package 1 Width              | 10.500 cm |
| Package 1 Length             | 11.500 cm |
| Package 1 Weight             | 490.000 g |
| Unit Type Of Package 2       | S03       |
| Number Of Units In Package 2 | 18        |
| Package 2 Height             | 30.000 cm |
| Package 2 Width              | 30.000 cm |
| Package 2 Length             | 40.000 cm |
| Package 2 Weight             | 9.330 kg  |

## **Contractual warranty**

Warranty 18 months

## **Sustainability**

**Green Premium<sup>TM</sup> label** is Schneider Electric's commitment to delivering products with best-inclass environmental performance. Green Premium promises compliance with the latest regulations, transparency on environmental impacts, as well as circular and low-CO<sub>2</sub> products.

**Guide to assessing product sustainability** is a white paper that clarifies global eco-label standards and how to interpret environmental declarations.
